FOREWORD

The Constitution requires each house of the General Assembly to keep a Journal of its proceedings. The Journal is intended to assure a public account of legislative activity and constitutes the final official record of action by the General Assembly.

Under the provisions of Sections 6.161, 6.162 and 57.151 of the *Kentucky Revised Statutes*, the Legislative Research Commission is responsible for comparing, editing, correcting, and publishing the Journals as approved by each house of the General Assembly. This Journal represents the fulfillment of this obligation for the Regular Session of the House of Representatives of 1990.

The text of a bill is spread in full when it receives a first reading. The vote on passage of a bill is indicated upon its receipt of a third reading, or upon concurrence by the originating house in amendments by the second house. Simple and concurrent resolutions are printed on first reading when applicable or when adopted, and joint resolutions are treated as bills. A table of actions on bills and resolutions is appended. Roll calls on motions to pass legislation have been compiled in an Appendix.

Mrs. Jean Wallace, Mrs. Delores Dearborn and Mrs. Wilda Bond prepared the 1990 House Journal. The edited copy and index in this Journal reflect the cooperative efforts of the Commission's staff.

SECTION 1. IT IS PROPOSED THAT THE PRESENT CONSTITUTION OF KENTUCKY BE AMENDED BY REPEALING PRESENT SECTIONS 156, 157, 158, 159, 160, 166, 167, 180 and 181, AND ENACTING IN LIEU THEREOF PROVISIONS TO READ, BE NUMBERED, AND BE ENTITLED AS FOLLOWS:

Section 156a. The General Assembly may provide for the creation, alteration of boundaries, consolidation, dissolution, government, functions and officers of cities. The General Assembly may create classifications of cities as it deems necessary by population, tax base, form of government, geography or any other reasonable basis and enact legislation relating to such classifications, provided that all legislation relating to cities of a certain classification shall apply equally to cities within the same classification. The classification of all cities and the laws pertaining to such classifications in effect at the time of adoption of this section, shall remain in effect until otherwise provided by law.

Section 156b. The General Assembly may provide by general law that cities may exercise any power and perform any function within their boundaries that is in furtherance of a public purpose of a city and not in conflict with a constitutional provision or statute.

Section 156c. The mayor or chief executive and the members of the legislative body of all cities shall, except at the initial organization thereof, be elected by the qualified voters of the city. The term of office of a mayor or chief executive of a city shall be four years. The term of office of members of a city legislative body shall be set by the General Assembly, but shall not be less than two years, nor more than four years. The General Assembly may provide by statute for staggered terms of office for members of a city legislative body. All other officers of cities shall be appointed as provided by law. The General Assembly may regulate municipal elections except as otherwise expressly provided in this Constitution.

Section 157b. The General Assembly shall establish maximum rates of ad valorem taxation for the various classes of property subject to taxation by units of local government. Until changed by the General Assembly such maximum rates shall not exceed the rates allowed by Section One Hundred and Fifty-Seven of the 1891 Constitution of the Commonwealth.

Section 157c. Every law enacted by the General Assembly or any local legislative body levying a tax shall specify the purposes of the tax, and the tax so levied shall be used for no other purposes.

Section 157d. The General Assembly shall not impose taxes for the purposes of any unit of local government, but may, by general laws only, authorize units of local government to levy and collect for local purposes ad valorem taxes on real and personal property and license and franchise taxes. Nothing in this Constitution shall prevent the enactment of general laws directing the payment of funds collected for the Commonwealth to units of local government as Commonwealth aid for local purposes.

Section 158a. The General Assembly shall regulate the powers of units of local government to incur debt regardless of whether the full faith and credit of such unit of local government is pledged to the repayment of the indebtedness.

Section 2. It is proposed that Section 157a of the Constitution of Kentucky be amended to read as follows:

The credit of the Commonwealth may be given, pledged or loaned to any county of the Commonwealth for public road purposes, and any county may be permitted to incur an indebtedness in any amount fixed by the county, not in excess of five per centum of the value of the taxable property therein, for public road purposes in said county, provided said additional indebtedness is submitted to the voters of the county for their ratification or rejection at a special election held for said purpose, in such manner as may be provided by law and when any such indebtedness is incurred by any county said county may levy[~~, in addition to the tax rate allowed under section 157 of the Constitution of Kentucky,~~] an amount not exceeding twenty cents on the one hundred dollars of the assessed valuation of said county for the purpose of paying the interest on said indebtedness and providing a sinking fund for the payment of said indebtedness.

Section 3. It is proposed that Section 170 of the Constitution of Kentucky be amended to read as follows:

There shall be exempt from taxation public property used for public purposes; places actually used for religious worship, with the grounds attached thereto and used and appurtenant to the house of worship, not exceeding one-half (1/2) acre in cities or towns, and not exceeding two (2) acres in the country; places of burial not held for private or corporate profit, institutions of purely public charity, and institutions of education not used or employed for gain by any person or corporation, and the income of which is devoted solely to the cause of education, public libraries, their endowments, and the income of such property as is used exclusively for their maintenance; all parsonages or residences owned by any religious society, and occupied as a home, or residences owned by any religious society, and occupied as a home, and for no other purpose, by the minister of any religion, with not exceeding one-half (1/2) acre of ground in towns and cities and two (2) acres of ground in the country appurtenant thereto; household goods of a person used in his home; crops grown in the year in which the assessment is made, and in the hands of the producer; and real property maintained as the permanent residence of the owner, who is sixty-five (65) years of age or older, or is classified as totally disabled under a program authorized or administered by an agency of the United States government or by the railroad retirement system, provided the property owner received disability payments pursuant to such disability classification, has maintained such disability classification for the entirety of the particular taxation period, and has filed with the appropriate local assessor by December 31 of the taxation period, on forms provided therefor, a signed statement indicating continuing disability as provided herein made under penalty of perjury, up to the assessed valuation of sixty-five hundred dollars ($6,500) on said residence and contiguous real property, except for assessment for special benefits. The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. The exemptions shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property. All laws exempting or omitting property from taxation other than the property above mentioned shall be void***; provided that*** [~~,~~] the General Assembly may authorize ***the legislative body of*** any incorporated city or ***any county*** [~~town~~] to exempt ***businesses and industries and any property owned by such businesses or industries*** [~~manufacturing establishments~~] from municipal taxation[~~, for a period not exceeding five (5) years, as an inducement to their location~~].

Section 4. It further is proposed as a part of this amendment and as a transitional provision for the purposes of this amendment, that any contract or legally binding obligation of a local government shall remain unaffected until such contracts or obligations are renegotiated or expire.

Section 5. It is proposed that the present Constitution of Kentucky be amended by repealing the following sections:

157 Maximum tax rate for cities, counties and taxing districts; indebtedness exceeding income provided for year not to be incurred without popular vote.

(a) A candidate for party nomination to city office shall file his nomination papers with the county clerk of the county not less than ***one hundred nineteen (119)*** [~~ninety (90)~~] days before the day fixed by KRS Chapter 118 for holding a primary election. All nomination papers shall be filed no later than 4 p.m. local time when filed on the last day on which such papers are permitted to be filed.

(b) An independent candidate for nomination to city office shall not participate in a primary election, but shall file his nomination papers with the county clerk of the county not less than ***ninety-one (91)*** [~~sixty-eight (68)~~] days before the day fixed by KRS Chapter 118 for holding a regular election. All nomination papers shall be filed no later than 4 p.m. local time when filed on the last day on which ***the*** [~~such~~] papers are permitted to be filed.

(c) A candidate for city office in a partisan election shall be prohibited from being a registered party candidate during a primary election and, if defeated in the primary, changing his registration to independent for the purpose of seeking the same office at the regular election for which he was defeated in the primary election. However, if a vacancy occurs in the party nomination for which he was an unsuccessful candidate in the primary election, his name may be placed on the voting machines for the regular election as a candidate of that party if he has been duly made the party nominee after the vacancy occurs, as provided in KRS 118.105.

(2) ***Except as provided in Section 2 of this Act,*** nonpartisan elections of city officers shall be governed by KRS 83A.050, 83A.170, 83A.175 and the following provisions, regardless of the form of government or classification of the city:

(a) A candidate for city office shall file his nomination papers with the county clerk of the county not less than ***one hundred nineteen (119)*** [~~ninety (90)~~] days before the day fixed by KRS Chapter 118 for holding a primary election. (b) Any city of the fourth to sixth class may by ordinance provide that the nomination and election of candidates for city office in a nonpartisan election shall be conducted pursuant to the provisions of this subsection:

1. A city may forego conducting a nonpartisan primary election for the nomination of candidates to city office, regardless of the number of candidates running for each office, and require all candidates to file their nomination papers with the county clerk of the county no less than ***ninety-one (91)*** [~~sixty-eight (68)~~] days before the day fixed by KRS Chapter 118 for holding a regular election.

2. All nomination papers shall be filed no later than 4 p.m. local time when filed on the last day on which ***the*** [~~such~~] papers are permitted to be filed.

5. In the absence of a primary pursuant to this subsection, the number of candidates equal to the number of city offices to be filled[~~,~~] who receive the highest number of votes cast in the regular election for each city office shall be elected.

6. Candidates shall be subject to all other applicable election laws pursuant to this chapter and KRS Chapters 116 to 121.

a. If the vacancy in candidacy occurs less than ***ninety-one (91)*** [~~sixty-eight (68)~~] days but more than thirty (30) days prior to the regular election, candidates shall file petitions of nomination to fill the vacancy with the county clerk not less than thirty (30) days prior to the regular election.

(3) Each applicant for nomination shall, by at least the last date prescribed by the election law generally for filing notification and declaration forms with the county clerk ***or the Secretary of State as provided in Section 2 of this Act***, file with the county clerk a petition ***of nomination, which shall be in the form prescribed by the State Board of Elections*** signed by at least two (2) registered voters in the city. Each voter may sign a slated petition up to the number of offices to be filled for a particular position or may sign individual petitions equal to the number of offices to be filled. The clerk shall not knowingly allow the name of a deceased person to appear on the ballot~~].

(10) Names of applicants for each nomination shall be placed before the voters of the city. No party designation or emblem of any kind, nor any sign indicating any applicant's political belief or party affiliation shall be used.

(11) Persons qualified to vote at a regular election are qualified to vote at a nonpartisan primary election and the law applicable to challenges made at a regular election is applicable to challenges made at a nonpartisan primary election.

(15) The nominee or candidate receiving the greater number of votes cast for each city office shall be elected.

(2) If the criteria for involuntary hospitalization are certified by two (2) qualified mental health professionals, the court shall set a preliminary hearing within six (6) days from the date of arrest (excluding weekends and holidays) to determine if there is probable cause to believe the person should be involuntarily hospitalized.

(3) Prior to the preliminary hearing, the court shall notify the respondent, his legal guardian, if any and if known, and his spouse, parents, or nearest known relative or friend concerning the involuntary hospitalization proceedings and the date and purpose of the preliminary hearing; and the name, address and telephone number of the attorney appointed to represent the respondent.

(4) If upon completion of the preliminary hearing, the court finds there is probable cause to believe the person should be involuntarily hospitalized, the court shall order a final hearing within twenty-one (21) days from the date of the arrest to determine if the person should be involuntarily hospitalized for a period of sixty (60) days.

(5) Prior to the final hearing, the county attorney shall file in the record and serve a copy thereof upon the respondent, a statement setting forth the alleged factual reasons or basis upon which the Commonwealth intends to rely in seeking the involuntary hospitalization of the respondent. The required statement shall be served upon the respondent at the earliest practical time, in any event, sufficiently in advance of the final hearing to permit preparation for the hearing by respondent.

(6) If upon completion of the final hearing, the court finds the person should be involuntarily hospitalized, the court shall order the person hospitalized in a hospital where treatment is available for a period not to exceed sixty (60) consecutive days from the date of the court order.

"SECTION 19. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

The General Assembly of the Commonwealth of Kentucky recognizes and supports the emerging application of modern technology in the plan to support education excellence in Kentucky. The timely development of a comprehensive long-range technology strategic plan will enhance educational opportunities for all citizens of Kentucky and benefit students in a wide variety of educational programs from the primary grades through high school, higher education, vocational training, and adult education. Properly developed and applied technology has the unlimited potential to dramatically improve student learning, school administration, teaching methods, curriculum development, and teacher training. Technology is a vital component to insure an effective and efficient school system and will provide equal access to educational opportunities for all citizens throughout the Commonwealth.

SECTION 20. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created, effective July 1, 1990, the Super Technology Board which shall be an advisory body attached to the Legislative Research Commission for administrative purposes and which shall develop a long-range technology strategic plan. The Legislative Research Commission shall provide financial and staff support.

(2) The board shall be composed of five (5) members, one (1) of whom shall be designated as chairman, and shall be appointed by the Legislative Research Commission. Members shall be nationally recognized leaders from within the fields of technology research, education, science, computers, or communications, with special skills in computer technology, computerized educational learning, data transmission or telecommunications. A majority of the members at any meeting shall constitute a quorum to conduct official business. Members shall receive no compensation for their service, but shall be reimbursed for all actual and necessary expenses incurred in the performance of their duties.

(3) The long-range technical strategic plan shall comprehensively evaluate the education environment in Kentucky and the potential during the decade of the 1990's for immediate, intermediate, and long-range applications of advanced technology within the new state education system being implemented by this Act. The plan shall include a recommendation for implementation of a statewide blueprint that will most efficiently and effectively adopt and utilize technology in Kentucky's schools, considering, but not being limited to, the following factors:

(a) Computers and computer systems;

(b) Fiber optics;

(c) Satellite communications;

(d) Microwave communications;

(e) Cable and other television systems;

(f) Telecommunications;

(g) Video and film applications;

(h) Software and hardware systems;

(i) Imaging;

(j) Auxiliary equipment;

(k) Long distance learning;

(l) Kentucky Educational Television Star Channel;

(m) Classroom instruction;

(n) Curriculum delivery;

(o) Management systems related to required school programs;

(p) Staff development;

(r) Recommended methods by which the state could enter into cooperative ventures with private enterprise to develop the technology and systems necessary to assist in implementing the plan.

(4) The board may exercise wide discretion in recommending a course of action to implement the long-range strategic plan and shall include cost estimates to support any recommendation the board may include in its report. The board shall complete its work and issue a final report by January 1, 1991. Copies of the final report shall be submitted to the Governor, the Legislative Research Commission, and the chief state school officer. The board shall be abolished following completion and acceptance of its final report by the Legislative Research Commission unless extended by the Commission.

SECTION 21. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly estimates that the initial cost of implementing a technology strategic plan is two hundred million dollars ($200,000,000) and that full implementation of the plan shall be completed within four (4) to six (6) years after the effective date of this Act. Funding to finance the technology strategic plan shall be primarily provided by the state general fund and may be supplemented with federal funds, local funds, and grants or gifts from private sources. Private industry shall be strongly encouraged to provide technical assistance and financial support to accelerate the acquisition of equipment required by the plan through innovative procurement procedures in compliance with the provisions of KRS Chapter 45A.

(2) The General Assembly envisions that the technical strategic plan for Kentucky schools will provide a networked computerized workstation in every classroom in Kentucky with integrated audio/visual equipment for general classroom instruction. This classroom instruction network will be complemented with computer laboratories or workstations for individualized student instruction, giving special emphasis to teaching remedial students.

(3) The General Assembly envisions that the technology strategic plan shall also include a fully networked management information system which interconnects all classrooms, administrative offices in the schools and school districts, regional service centers, and the centralized computer system in Frankfort. This management information system shall provide current, accurate, and accessible information relating to management, finance, operations, instruction, and pupil programs which are created or amended by this Act. Special emphasis shall be placed on programs relating to the six (6) outcome goals for students described in Section 3 of this Act. The network system shall include information access capability on a need to know basis for the Office of Education Accountability in the Legislative Research Commission, the Department of Education, regional service offices, local school districts, and local schools.

(4) During the 1990-92 biennium, subject to concurrence of the Technology Super Board, the following priorities are established:

(a) The networked information system created in subsection (3) of this section, shall be operational in all local school districts, central offices, regional service centers, and the centralized computer center in Frankfort by July 1, 1991. This portion of the networked information system shall be able to support the fully networked system envisioned by subsections (2) and (3) of this section;

(b) Building upon this completed portion of the networked information system, the classroom instruction network created by subsection (2) of this section shall be operational in the literacy laboratories in all elementary schools in the state by the school year beginning July 1, 1991;

(c) Any funds which have been appropriated by the General Assembly to finance the technology strategic plan during the 1990-92 biennium which have not been expended or legally committed to implement the programs required by (4) (a) and (4) (b) of this section, may only be expended by the chief state school officer to accelerate completion of this networked system in all classrooms and administrative offices in the state; and

(d) The Kentucky Educational Television Star Channel, as directed by the State Board for Elementary and Secondary Education, shall be integrated into the technology strategic plan and shall be adequately funded to assist in its mission to support education excellence in Kentucky.

(5) During the 1990-92 biennium, the Department of Education shall be organized to begin the process of initiating the preliminary stages of plan implementation, and the chief state school officer shall, at the time he is appointed, take appropriate action to insure that the Department of Education is properly staffed to effectively and efficiently implement the technology strategic plan mandated by this Act. The chief state school officer shall recommend to the 1992 regular session of the General Assembly those steps which are necessary to substantially complete implementation of the technology strategic plan during the 1992-

94 biennium. Any remaining portion of the technology strategic plan shall become fully operational during the 1994-96 biennium.

The state board and the department shall investigate development of a college intern program to assist in this program.

(3) The advisory board shall meet as needed and submit quarterly progress reports to the Governor, Legislative Research Commission, State Board for Elementary and Secondary Education, and Department of Information Systems. PART VIIA

Section 613. KRS 139.200 is amended to read as follows:

For the privilege of making "retail sales" or "sales at retail," a tax is hereby imposed upon all retailers at the rate of ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] of the gross receipts of any retailer derived from "retail sales" or "sales at retail" made within this Commonwealth on and after ***July 1, 1990*** [~~April 1, 1968~~].

Section 614. KRS 139.230 is amended to read as follows:

The department is authorized to prepare suitable brackets of prices for the collection of the taxes imposed by this chapter in order to eliminate fractions of one cent (1), and so that the aggregate collections of taxes by a retailer, so far as may be practicable, shall be equal to ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] of gross receipts or sales price, as the case may be.

Section 615. KRS 139.310 is amended to read as follows:

An excise tax is hereby imposed on the storage, use or other consumption in this state of tangible personal property purchased on and after ***July 1, 1990*** [~~April 1, 1968~~], for storage, use or other consumption in this state at the rate of ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] of the sales price of the property.

Section 616. KRS 139.320 is amended to read as follows:

(1) The use tax of ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] is hereby levied upon the storage, use or other consumption in this state of any machines, machinery, tools or other equipment brought, imported or caused to be brought into this state for use in constructing, building or repairing any building, highway, street, sidewalk, bridge, culvert, sewer or water system, drainage, or dredging system, electric or steam railway system, reservoir or dam, hydraulic or power plant, transmission line, tower, dock, wharf, excavation, grading or other improvement or structures, or any part thereof. The owner or, if the property is leased the lessee of any such machine, machinery, tools or other equipment shall be liable for the tax provided for in this chapter, to be computed as set out below. The useful life of such machines, tools or other equipment shall be determined by the cabinet in accordance with the depreciable value permitted under KRS Chapter 141 and regulations issued pursuant thereto. Said use tax shall be computed on the basis of such proportion of the original purchase price of such property as the duration of time of use in this state bears to the total useful life. Such tax shall become due immediately upon such property's being brought into this state, and in the absence of satisfactory evidence as to the period of use intended in this state, it shall be presumed that such property will remain in this state for the remainder of its useful life.

(2) The provisions of this section shall not be applicable with respect to sales of such property within this state or to the use, storage or consumption of such property when purchased for use in this state, and in such cases the full sales or use tax shall be paid as in all other cases, irrespective of the period of intended use in this state.

(3) For the purposes of this section, the total useful life of property which is fully depreciated at the time of being brought into this state or becomes fully depreciated while in use in this state shall be extended to include the time of use in this state. In the absence of satisfactory evidence as to the period of use in this state, the tax shall be computed on an annual basis and shall be paid as provided by KRS 139.540.

Section 617. KRS 139.450 is amended to read as follows:

It shall be presumed that tangible personal property shipped or brought to this state by the purchaser after ***June 30, 1990*** [~~March 31, 1968~~], was purchased from a retailer on or after ***July 1, 1990*** [~~April 1, 1968~~], for storage, use or other consumption in this state.

To reimburse himself for the cost of collecting and remitting the tax, the taxpayer shall deduct on each return ***one and three-quarters*** [~~two~~] percent ***(1.75%)*** of the first one thousand dollars ***($1,000)*** of tax due and one [~~and one-quarter~~] ***(1.0%)*** percent of the tax due in excess of one thousand dollars ***($1,000)***, provided the amount due is not delinquent at the time of payment.

SECTION 619. A NEW SECTION OF KRS CHAPTER 139 IS CREATED TO READ AS FOLLOWS:

Excluded from the additional taxes imposed by Part VIIA of this Act are gross receipts:

(1) Derived from sales of and the storage, use or other consumption of tangible personal property purchased for use in the performance of a lump sum, fixed fee contract executed on or before March 9, 1990;

(2) Derived from sales made under fixed price sales contracts executed on or before March 9, 1990, provided the contract specifies a five percent (5%) sales tax rate; and

(3) Derived from a lease or rental agreement entered into on or before March 9, 1990.

Section 620. KRS 139.496 is amended to read as follows:

(1) Notwithstanding any other provisions of this chapter, the taxes imposed herein do not apply to the first ***one thousand*** [~~five hundred~~] dollars ***($1000)*** [~~($500)~~] of sales made in any calendar year by individuals or nonprofit organizations not engaged in the business of selling. This exemption is limited to the following types of transactions or activities:

(b) Fund raising event held by nonprofit civic, governmental, or other nonprofit organizations, except as set forth in KRS 139.497.

(2) The exemption does not apply to activities in which all or substantially all the household goods of a person are offered for sale or where nonprofit organizations conduct regular selling activities in competition with private business.

Section 621. The provisions of Part VIIA of this Act shall be effective July 1, 1990.

PART VIIB

Section 622. KRS 138.460 is amended to read as follows:

(1) On and after July 1, ***1990*** [~~1972~~] a tax levied upon its retail price at the rate of ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand (10,000) pounds the tax shall be levied upon ninety percent (90%) of the retail price of the vehicle.

(2) The tax shall be collected by the county clerk or other officer with whom the vehicle is required to be registered:

(a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state;

(b) Or upon the transfer of ownership of any motor vehicle previously registered in this state.

(3) The tax collected by the county clerk under this section shall be reported and remitted to the revenue cabinet on forms provided by the cabinet and on such forms as the cabinet may prescribe. The county clerk shall for his services in collecting the tax be entitled to retain an amount equal to ***two and one-half*** [~~three~~] percent ***(2.5%)*** [~~(3%)~~] of the tax collected and accounted for.

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of tax paid to the other state. No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the customer in the case of all other motor vehicles; and the clerk shall attach the certified or photostat copy to the copy of the certificate of registration and ownership mailed to the cabinet.

(7) Notwithstanding the provisions of KRS 138.450(4), in no case shall the tax be less than five dollars ($5) upon first registration of or any transfer of ownership of a motor vehicle in this state, except where such vehicle is exempt from tax under KRS 138.470.

(8) Where a motor vehicle is sold by a dealer in this state and the purchaser returns the vehicle for any reason to the same dealer within sixty (60) days for a vehicle replacement or a refund of the purchase price, the purchaser shall be entitled to a refund of the amount of usage tax received by the revenue cabinet as a result of the registration of the returned vehicle. In the case of a new motor vehicle, the registration of the returned vehicle shall be cancelled and the vehicle shall be considered to have not been previously registered in Kentucky when resold by the dealer.

(9) When a manufacturer refunds the retail purchase price or replaces a new motor vehicle for the original purchaser within ninety (90) days because of malfunction or defect, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the revenue cabinet as a result of the first registration. No person shall be entitled to a refund unless he shall have filed with the revenue cabinet a report from the manufacturer identifying the vehicle that was replaced and stating the date of replacement.

(10) Notwithstanding the time limitations of subsections (8) and (9) of this section, when a dealer or manufacturer refunds the retail purchase price or replaces a motor vehicle for the purchaser as a result of formal arbitration or litigation, or, in the case of a manufacturer, because ordered to do so by a dispute resolution system established under KRS 367.865 or 16 C.F.R. 703, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the revenue cabinet as a result of the registration. No person shall be entitled to a refund unless he shall have filed with the revenue cabinet a report from the dealer or manufacturer identifying the vehicle that was replaced.

Section 623. KRS 138.463 is amended to read as follows:

(1) A holder of a permit as required under KRS 281.615 to operate as a U-Drive-It as defined in KRS 281.014 may pay the usage tax as provided in KRS 138.460 or, subject to the provisions of this section, may pay a usage tax of ***six*** [~~five~~] percent ***(6%)*** [~~(5%)~~] levied upon the amount of the gross rental or lease charges paid by a customer or lessee renting or leasing a motor vehicle from such holder of the permit.

(2) The provisions of KRS 138.462 and this section shall apply to all rental and leasehold contracts [~~in existence on July, 1988, as well as all rental and leasehold contracts~~] entered into after ***March 9, 1990*** [~~July 15, 1988~~].

(3) A holder of a permit shall pay the usage tax as provided in KRS 138.460 unless he shows to the satisfaction of the cabinet that he is regularly engaged in the renting or leasing of motor vehicles to retail customers as a part of an established business. Persons first engaging in the renting or leasing of motor vehicles to retail customers shall, in addition to obtaining a permit required under KRS 281.615, demonstrate to the satisfaction of the cabinet that they are prepared to qualify under the standards set forth in this subsection.

(4) In the event the holder of such permit qualifies under subsection (2) of this section and elects to pay the usage tax by the alternate method as provided in subsection (1) of this section, or is required by subsection (7) of this section to pay by the alternate method, he shall pay the seat tax imposed by KRS 186.281(3) and in addition shall pay the monthly tax authorized by subsection (1) of this section. The cabinet shall provide the holder with evidence that he has been qualified to pay the monthly tax. The holder shall present such evidence to the county clerk at the time the motor vehicle is offered for registration in Kentucky and the following provisions shall be applicable.

(5) The tax authorized by subsection (1) of this section shall be the direct obligation of the holder of the permit but it may be charged to and collected from the customer in addition to the rental or lease charges. The tax due shall be remitted to the cabinet each month on forms and pursuant to regulations promulgated by the cabinet.

(6) (a) As soon as practicable after each return is received, the cabinet shall examine and audit it. If the amount of tax computed by the cabinet is greater than the amount returned by the taxpayer, the excess shall be assessed by the cabinet within four (4) years from the date the return was filed, except as provided in paragraph (c) of this subsection, and except that in the case of a failure to file a return or of a fraudulent return the excess may be assessed at any time. A notice of such assessment shall be mailed to the taxpayer. The time herein provided may be extended by agreement between the taxpayer and the cabinet.

(b) For the purpose of paragraphs (a) and (c) of this subsection, a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day.

(c) Notwithstanding the four (4) year time limitation of paragraph (a) of this subsection, in the case of a return where the tax computed by the cabinet is greater by twenty-five percent (25%) or more than the amount returned by the taxpayer, the excess shall be assessed by the cabinet within six (6) years from the date the return was filed.

(7) Failure of the holder of the permit to remit the taxes applicable to the rental charges as provided herein shall be sufficient cause for the department of vehicle regulation to void the permit issued to such holder and the usage tax on each of the motor vehicles which had been registered by the holder under the permit shall be due and payable on the retail price of each such motor vehicle when it was first purchased by the holder.

(8) Notwithstanding the provisions of KRS 138.460 and subsection (1) of this section, a holder of a permit operating a fleet of rental passenger cars which has been registered pursuant to an allocation formula approved by the cabinet shall pay the tax by the method provided in this section. The provisions of this section shall apply to all vehicles rented by the holder in this state.

(9) Every rental of a vehicle registered pursuant to this section shall represent a bona fide arm's-length transaction and the consideration for such rental shall be based on the fair rental value of the vehicle. The burden of proving that the consideration charged by the holder satisfies this subsection is on the holder.

Section 624. The provisions of Part VIIB of this Act shall be effective July 1, 1990.

For property placed in service after December 31, 1989, the depreciation and expense deductions allowed under Sections 168 and 179 of the Internal Revenue Code in effect on December 31, 1989 shall be allowed.***

(7) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. (a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(10) Unless otherwise provided by this chapter, the basis of property ***placed in service prior to January 1, 1990*** for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(h) In the case of nonresidents, the tax credits allowable under this subsection shall be that proportion of those permitted therein that is represented by the ratio of the taxpayer's Kentucky adjusted gross income as determined by KRS 141.010(10), without the adjustments contained in ***(f)*** [~~(a)~~] and ***(g)*** [~~(b)~~] of that subsection, to his adjusted gross income as defined in section 62 of the Internal Revenue Code. Section 630. KRS 141.180 is amended to read as follows:

(1) Every individual, except as otherwise provided in this section, having for the taxable year an adjusted gross income which exceeds ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~], if single, or if married and not living with husband or wife and every married individual living with husband or wife whose adjusted gross income combined with the adjusted gross income of his or her spouse exceeds ***five thousand*** [~~twenty-six hundred and fifty~~] dollars ***($5,000)*** [~~($2,650)~~] shall make to the cabinet a return stating specifically the items which he claims as deductions and tax credits allowed by this chapter.

(2) Any individual who is blind or who has attained the age of sixty-five (65) before the close of his taxable year shall be required to make a return only if he has for the taxable year an adjusted gross income which exceeds ***five thousand*** [~~thirty-six hundred and fifty~~] dollars ***($5,000)*** [~~($3,650)~~]. Every married individual living with husband or wife shall, if both spouses have attained the age of sixty-five (65), be required to make a return if the combined adjusted gross income of both spouses exceeds five thousand four hundred dollars ($5,400). If the individual is unable to make his own return, the return shall be made by a duly authorized agent.

(3) Any individual, who is both sixty-five (65) or over and blind before the close of the taxable year, shall make a return if he has for the taxable year an adjusted gross income which exceeds ***five*** [~~four~~] thousand [~~nine hundred~~] dollars ***($5,000)*** [~~($4,900)~~].

(4) Notwithstanding any other provision of this section, an individual, having for the taxable year gross income from self-employment of ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~] or more, shall make a return.

(5) Any nonresident individual with gross income from Kentucky sources and a total gross income of ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~] or over shall make a return.

(6) A husband and wife not living together shall make separate returns. A husband and wife living together may make a joint return, or may make separate returns. However, in the event separate returns are made, neither spouse shall report income nor claim deductions properly attributable to the other.

(7) [~~An optional return properly filed under the provisions of KRS 141.023 shall be deemed sufficient to satisfy the provisions of this section.~~

~~(8)~~] Each individual return shall be verified by a written declaration that it is made under the penalties of perjury.

Section 631. KRS 141.190 is amended to read as follows:

(1) Every fiduciary, except a receiver appointed by authority of law in possession of part only of the property of an individual, shall make under oath a return for any of the following individuals, estates, or trusts for which he acts, setting forth therein such information as may be prescribed by the cabinet:

(a) Every individual having an adjusted gross income for the taxable year which exceeds ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~];

(b) Every estate the gross income of which for the taxable year is twelve hundred dollars ($1,200) or over;

(c) Every trust the gross income of which for the taxable year is one hundred dollars ($100) or over.

(2) Any fiduciary required to make a return under this chapter shall be subject to all the provisions of this chapter that apply to individuals.

Section 632. KRS 141.300 is amended to read as follows:

(1) Every individual shall, at the time prescribed in subsection (3), make a declaration of his estimated tax for the taxable year if his gross income from sources other than wages upon which Kentucky income tax will be withheld can reasonably be expected to exceed ***five*** [~~two~~] thousand dollars ***($5,000)*** [~~($2,000)~~] for the taxable year and his gross income or adjusted gross income can reasonably be expected to be an amount not less than the amount for which a return is required under KRS 141.180.

(2) In the declaration required under subsection (1) the individual shall state:

(a) The amount which he estimates as the amount of tax under KRS 141.020 for the taxable year;

(b) The amount which he estimates as the credits for the taxable year under KRS 141.310***,*** [~~and~~] 141.315 ***and Section 634 of this Act***;

(c) The excess of the amount estimated under paragraph (a) over the amount estimated under paragraph (b), which excess for purposes of this chapter shall be considered the estimated tax for the taxable year;

(d) Such other information as may be prescribed in regulations promulgated by the cabinet;

(e) Notwithstanding the above provisions, no declaration is required if the estimated tax can reasonably be expected to be less than forty dollars ($40.00).

(3) The declaration required under subsection (1) shall be filed with the cabinet on or before April 15 of the taxable year, except that if the requirements of subsection (1) are first met:

(a) After April 1 and before June 2 of the taxable year, the declaration shall be filed on or before June 15 of the taxable year; or

(b) After June 1 and before September 2 of the taxable year, the declaration shall be filed on or before September 15 of the taxable year; or

(c) After September 1 of the taxable year, the declaration shall be filed on or before January 15 of the succeeding taxable year.

(4) An individual may make amendments of a declaration filed during the taxable year under subsection (3), under regulations prescribed by the cabinet.

(5) If on or before January 31 of the succeeding taxable year the taxpayer files a return for the taxable year for which the declaration is required and pays in full the amount computed on the return as payable then, under regulations prescribed by the cabinet:

(a) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before such January 15, such return shall, for the purposes of this section, be considered as such declaration; and

(b) If the tax shown on the return, reduced by the credits under KRS 141.350, is greater than the estimated tax shown in a declaration previously made or, in the last amendment thereof, such return shall, for the purposes of this section, be considered as the amendment of the declaration permitted by subsection (4) to be filed on or before such January 15.

(6) The cabinet shall promulgate regulations governing reasonable extensions of time for filing declarations and paying the estimated tax. Except in the case of taxpayers who are abroad, no such extension shall be for more than six (6) months.

(7) If the taxpayer is unable to make his own declaration, the declaration shall be made by a duly authorized agent or by the guardian, conservator or other person charged with the care of the person or property of such taxpayer.

(8) For the purposes of KRS 131.190, a declaration of estimated tax shall be held and considered a return of income under this chapter.

Section 633. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

A resident individual may deduct from the tax computed under the provisions of KRS 141.020 a credit for household and dependent care services necessary for gainful employment. The credit shall be twenty percent (20%) of the federal credit allowed under Section 44A of the Internal Revenue Code.

Section 634. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) If the federal adjusted gross income of husband or wife is entered on a separate federal return, their Kentucky adjusted gross incomes may be entered on their separate Kentucky tax returns or their joint Kentucky tax return as they so elect.

(2) If the federal adjusted gross income of husband and wife is entered on a joint federal return, or if neither files a federal return:

(a) Their adjusted gross income shall be entered on their joint Kentucky tax return; or

(b) Separate adjusted gross incomes may be entered on their separate Kentucky tax returns if they so elect.

(3) Where husband and wife have not separately reported and claimed items of income and adjustments of income for federal income tax purposes, and have not elected to file a joint Kentucky income tax return, such items allowable for Kentucky income tax purposes shall be allocated and adjusted as follows:

(a) Income shall be allocated to the spouse who earned the income or with respect to whose property the income is attributable;

(b) Allowable deductions with respect to trade, business, or production of income shall be allocated to the spouse to whom attributable.

Section 635. KRS 6.505 is amended to read as follows:

(1) Each legislator in office on July 1, 1980 may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the legislators' retirement plan, in an amount equal to five (5) percent of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30) day period is measured, as the case may be. Provided, however, that any legislator who was in office on July 1, 1980 and who is in office at the time he makes the election may, after the expiration of the thirty (30) day period and until May 1, 1982, make the election, in which event he shall pay to the legislators' retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one of which was due at the end of each month between July 1, 1980 and the date the election was made. The election shall be addressed to and filed with the secretary of the finance and administration cabinet and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators' retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530. An election once made under this section either to participate or not to participate in the legislators' retirement plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.

(2) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue code, pick up the employe contributions required by this section for all compensation earned after

August 1,1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010***(10)*** [~~(9)~~]. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(3) When any legislator elects membership in the legislators' retirement plan in accordance with this section, his active membership in the Kentucky employes' retirement system, state police retirement system, county employes' retirement system, or teachers' retirement system shall terminate, as of the date his membership in the legislators' retirement plan becomes effective, and any credit in such other system or systems, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the legislators' retirement plan, shall be transferred to and counted as service credit in the legislators' retirement plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.

(4) A member of the legislators' retirement plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky employes' retirement system, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the legislators' retirement plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky employes' retirement system for credit which would be transferred to the legislators' retirement plan. In such event, the Kentucky employes' retirement system shall transfer to the legislators' retirement plan an amount equal to the employer's contributions that originally were made to the Kentucky employes' retirement system for the regained service credit, with interest as provided in KRS 6.535. Six (6) months' current service shall be required in the legislators' retirement plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552.

Section 636. KRS 16.545 is amended to read as follows:

(1) Except for members over age fifty-five (55) on July 1, 1958, who shall not be required to contribute, each member shall, commencing on July 1, 1968, contribute for each pay period for which he receives compensation, seven percent (7%) of his creditable compensation.

(2) The employer shall cause to be deducted from the compensation of each member for each and every payroll period subsequent to July 1, 1958, the contributions payable by such member as provided in KRS 16.510 to 16.652.

(3) Every member shall be deemed to consent to deductions made as provided herein; and the payment of salary or compensation less such deduction shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 16.510 to 16.652.

(4) Each employer shall, solely for the purpose of compliance with section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010***(10)*** [~~(9)~~]. These contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 16.510 to 16.652 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 637. KRS 21.360 is amended to read as follows:

(1) Each judge of the district court in office on July 1, 1978, may within thirty (30) days after that date, and any judge or justice of any court entitled to be a member thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the retirement system in an amount

equal to five percent (5%) of his monthly official salary. The election shall be effective to establish membership in the system as of July 1, 1978, or as of the date the judge or justice took office, as the case may be. The election shall be addressed to and filed with the secretary of the finance and administration cabinet, and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to five percent (5%) of the monthly salary, as a voluntary contribution by the member towards the funding of the retirement system. Such election, upon being made, shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 21.350 to 21.510.

(2) Membership and benefit rights for judges and justices (other than judges of the district court), and for the commissioners and administrative director, who took office prior to July 1, 1978, shall be dependent upon valid elections having been made under this section (and KRS 21.355 and 21.365) prior to the 1978 amendment to this section. The terms of such elections, including the contribution rate, shall continue to govern for the duration of the member's service.

(3) When any judge of the district court in office on July 1, 1978 elects membership in the judicial retirement system in accordance with this section, his membership in the Kentucky employes retirement system shall terminate as of July 1, 1978 and any credit in that system he earned for service as a judge of the district court shall be nullified; provided that the effect of such service to validate any other service credit in that system shall not be nullified.

(4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010***(10)***[~~(9)~~]. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. (1) Except as otherwise provided in this section, any curricular material used or to be used in or as a basis for sex education instruction shall, upon request, be made available to the parents or guardians of a pupil scheduled for this instruction for a take-home period of not less than seven (7) days. If a parent or guardian of an affected pupil does not tender an objection within the thirty (30) day period, nothing in this Act shall preclude the school from placing the pupil in the sex education program referred to in the form required by this section until an objection is received in the manner prescribed by this Act. In order to implement the requirements of this section, the school shall utilize a form which shall be used solely for the purpose of complying with the requirements of this section. The school shall mail the form to the parents and guardians whose consent is required not less than thirty (30) days prior to the beginning of sex education instruction.

The pupil shall be provided alternate instruction.

(3) Each school shall be required to implement this section in a manner which minimizes the potential embarrassment to pupils not permitted to attend these classes. In cases where a pupil who is not permitted to attend a sex education class is participating in those portions of a course of instruction which do not involve sex education, the school and the principal of each school shall establish a procedure to assure that the pupil does not report to this class on any day on which sex education is given.

(4) A parent or guardian may withdraw or withhold any consent to sex education instruction at any time, effective immediately, by providing the principal of the school attended by the affected pupil with written notice of this intent.

Notwithstanding the provisions of KRS 196.076 no appropriation is included in this Act for the Probation and Parole Officer Career Ladder.

It is the intention of this Act to provide adequate funds to incarcerate state felons either in adult correctional institutions or in local facilities including but not limited to jails, halfway houses, and private facilities. If any portion of the appropriation to adult institutions in either fiscal year is deemed to be in excess of necessary expenses, such amount, upon recommendation of the state budget director and the approval of the secretary of finance, may be transferred from the adult institutions appropriation to the local facilities program to avoid a projected deficit, provided no reduction in services will result from the transfer. d. Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(8), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1990-91 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	22,910	20,520	18,100	15,590	14,380
4-9 years	25,310	22,910	20,520	15,590	14,380

20 years and over	29,780	27,370	24,950	15,590	14,380

Beginning with the school year 1991-92, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	24,060	21,540	19,010	16,370	15,090

20 years and over	31,270	28,740	26,200	16,370	15,090

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(4) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. The cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and the board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1990-91 and 1991-92 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for school foundation program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185-day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(4) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $26,668,700 in fiscal year 1990-91 and $27,948,300 in fiscal year 1991-92.

Included in the above appropriations are funds to extend the employment of all vocational agriculture units funded in the school foundation program to two hundred forty (240) days.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Notwithstanding the provisions of KRS 157.360(2)(b)(c)(e), in fiscal years 1990-91 and 1991-92 the allotment to school districts of basic classroom units for grade one (1) shall be made on the basis of one (1) for every twenty-one (21) pupils in average daily attendance, the allotments to school districts for grades two (2) and three (3) shall be made on the basis of one (1) for every twenty-two (22) pupils in average daily attendance, the allotment to school districts for grade four (4) shall be made on the basis of one (1) for every twenty-five (25) pupils in average daily attendance, the allotment to school districts for grades five (5) and six (6) shall be made on the basis of one (1) for every twenty-six (26) pupils in average daily attendance, and the allotment for grades seven (7) through twelve (12) shall be made on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1990-91	1991-92
Vocational Education	2,538	2,538
Exceptional Children	4,360	4,360

Provided, however, that if the budgeted units in any category of classroom units—Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration—prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1990-91 and fiscal year 1991-92 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end-of-year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1990-91 and in fiscal year 1991-92 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1990-91 and fiscal year 1991-92 shall be deducted for each exceptional children unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(12) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(12) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1990-92 biennium shall be determined by multiplying the number of classroom units by: $5,584 in the 1990-91 school year and $5,751 in the 1991-92 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1990-91 school year and $1,800 in the 1991-92 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1990-91 and 1991-92 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et seq. If the required expenditures exceed these estimates, the secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase of the total appropriation to the Foundation Program is subject to Part III, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $86,805,000 in fiscal year 1990-91, and $86,805,000 in fiscal year 1991-92 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370, except that the total of the funds allotted under KRS 157.390(7) shall not exceed $86,805,000 in fiscal year 1990-91 and $86,805,000 in fiscal year 1991-92 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370, subject to the approval of the Superintendent of Public Instruction and the secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1990-91 and fiscal year 1991-92 are insufficient to provide allotments to local school districts in accordance with KRS 157.370, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

In the event that any authorized capital construction and/or major equipment projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the subheading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between regular sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Projects and Bond Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the secretary of Economic Development Cabinet is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the secretary of Economic Development Cabinet. The criteria shall include, but not be limited to, such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriation act, with the exception that up to $5 million in the Economic Development Bond Authorization for Tourism and Agriculture projects may be used for improvements on state-owned property. 3) Project selection shall be documented when presented to the secretary of finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Economic Development Cabinet to the next regularly scheduled Capital Projects and Bond Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Fire and Life Safety, and Asbestos Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART III

GENERAL PROVISIONS

1. Appropriations out of restricted agency funds in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments and other miscellaneous receipts produced or received by an agency or budget unit of the state government, except as otherwise specifically provided, for the use and benefit of each agency or budget unit for the purposes for which each restricted agency fund or account is authorized. Restricted agency funds receipts shall be credited and allotted to the respective fund or account out of which an appropriation is made as provided in Part I. All receipts of restricted agency funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48.

Appropriations out of federal funds in this Act shall include federal subventions, grants, contracts or other federal funds received, income from investments and other miscellaneous federal receipts received by an agency or budget unit of the state government, except as otherwise provided, for the use and benefit of each agency or budget unit for the purposes for which each fund account is authorized. Federal funds receipts shall be credited and allotted to the respective fund account out of which an appropriation is made as provided in Part I. All federal funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapter 12, 42, 45 and 48.

If receipts received or credited to any restricted agency funds account or federal funds account during fiscal year 1990-91 or fiscal year 1991-92, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account as provided in Part I of this Act for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said fiscal year only with the authorization of the state budget director of the Governor's Office for Policy and Management upon approval of the secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all restricted agency funds or federal funds without limitation.

Except as otherwise provided in this Act, the appropriate agency or budget unit may requisition for expenditure from the restricted agency funds account or the federal funds account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1991, and during the fiscal year ending June 30, 1992, all receipts placed to the credit of respective funds accounts for such year, out of which has been established a restricted agency funds account or federal funds account for each separate agency or budget unit during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency or budget unit, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules of restricted agency funds and federal funds for each budget unit showing estimated receipts and estimated expenditures, a comparative statement of any revised estimated receipts and expenditures with amounts provided in the Executive Budget as adopted by the 1990 General Assembly, and statements which explain the occurrence of such variances.

If a budget unit not listed in Part I receives unanticipated restricted agency fund or federal fund monies, the secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management, the credit and expenditure of such funds for statutory purposes. The secretary of the Finance and Administration Cabinet shall cause to be established a separate discrete restricted agency funds or federal funds account, as appropriate for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The secretary of the Finance and Administration Cabinet, in consultation with the Interim Joint Committee on Appropriations and Revenue, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

No state agency entitled to federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission and the State Budget Director.

2. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1990, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the secretary of the Finance and Administration Cabinet shall be final and conclusive.

3. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection and each appropriation sum by specified fund or funds accounts thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

4. The secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

5. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 96A, 133, 152, 177, 341, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

6. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation and legislative and executive records.

7. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of federal funds shall lapse to the General Fund to the extent such federal funds otherwise become available.

8. The secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1990 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1990 General Assembly as well as other acts which provide appropriations for the 1990-92 biennium and based upon supporting documentation and legislative records as considered by the 1990 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by Law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

9. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. In the event that General Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the General Fund.

10. It is the intent of the General Assembly that the secretary of the Transportation Cabinet shall use road fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the secretary of the Transportation Cabinet. However, in the event that road fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $40,000,000 for fiscal year 1990-91 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1990-91 fiscal year or the 1991-92 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The secretary of the Finance and Administration Cabinet shall communicate any allotment or expenditure from the Budget Reserve Trust Fund, in writing, to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1990-91 fiscal year shall not lapse, but shall continue into the 1991-92 fiscal year.

12. There is hereby established a General Fund surplus expenditure plan for fiscal year 1990-91 and fiscal year 1991-92, pursuant to KRS 48.140. This plan is for the expenditure of excess General Fund revenue receipts up to two and one-half percent (2.5%) in excess of the revenue receipts estimate for the General Fund as determined by subsection (3) of KRS 48.120.

The secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1989-90 and after the close of fiscal year 1990-91, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess unappropriated receipts available after all allocations required by the Local Government Economic Assistance Fund, pursuant to KRS 42.450, have been adjusted.

The secretary of the Finance and Administration Cabinet is then hereby authorized, first, to restore the Budget Reserve Trust Fund to its original level of appropriation in the event that appropriations which have been made to the Budget Reserve Trust Fund have been depleted in whole or in part. Second, the Budget Reserve Trust Fund shall be increased by an additional $20,000,000 each fiscal year. Third, notwithstanding the dollar limitations in KRS 45.750-45.800, additional funds may be allotted for nonrecurring capital construction projects and/or major equipment items, in an amount not to exceed $25,000,000, or for feasibility studies approved by the 1990 General Assembly which have been insufficiently funded.

13. In the event the Kentucky Retirement Systems Board of Directors proposes or the General Assembly adopts altered actuarial assumptions, including a shift to projected unit credit, level payroll funding of unfunded liability, asset valuation related to market value or other changes, then notwithstanding KRS 61.560, the employee contribution rate shall be lowered to reflect the reduced normal and unfunded liability cost of the system by the amount caused by the assumption changes, but not to exceed one percent (1%) of payroll for each year of the biennium. The reduced employee retirement contribution shall effectively increase the available compensation provided to state employees from five percent (5%) as is provided by KRS 18A.355 and this Act to a total of six percent (6%) in fiscal year 1990-91, and to maintain this compensation level in fiscal year 1991-92.

14. Effective July 1, 1990, for fiscal year 1991, appropriations for executive branch agencies include $124.27 per month per eligible employee for the employers' share of health insurance costs, including benefits, program administration, and a health insurance reserve. Effective July 1, 1991, for fiscal year 1992, appropriations for executive branch agencies include $150 per month per eligible employee for the employers' share of health insurance costs, including benefits, program administration, and a health insurance reserve.

15. It is the intent of the General Assembly in furtherance of the public policy to preserve existing jobs and to alleviate and prevent unemployment in the Commonwealth of Kentucky, that funds be authorized for expenditure from the General Fund Surplus Account (KRS 48.700) not to exceed $11,902,400 in the 1990-92 biennium for a financial assistance program to retain existing business and industry. Such funds shall be made available only upon certification by the Secretaries of the Economic Development and Finance and Administration Cabinets to the Governor that the regular appropriations for fiscal year 1989-90, fiscal year 1990-91, and fiscal year 1991-92 are insufficient to fulfill the Commonwealth's obligations in support of the financial assistance program authorized by the General Assembly. In the event that the Governor shall affirm such certifications, the secretary of the Finance and Administration Cabinet shall approve the allocations of the required sums from the General Fund Surplus Account and the State Treasurer shall approve such payment. A copy of the certifications, and written approval of the Governor, shall be filed with the Legislative Research Commission and reported to the Interim Joint Committee on Appropriations and Revenue.

16. Pursuant to the authority conferred by Chapter 336 of the Acts of the 1988 General Assembly the level of General Fund appropriations for fiscal year 1989-90 as enumerated in KRS Chapter 47 to the budget units within the Cabinet for Human Resources which were subsequently adjusted by the secretary of the Finance and Administration Cabinet and the state budget director as recommended by secretary of the Cabinet for Human Resources as contained in the official workpapers to this Act are hereby ratified and confirmed.

17. No funds appropriated in this Act may be expended for any purpose not specifically authorized by the General Assembly in this Act nor may funds appropriated in this Act be transferred to any cabinet, department, board, commission, institution, or agency of state government unless specifically authorized by the General Assembly.

(16) "Retirement allowance" means the retirement payments to which a member is entitled;

(17) "Actuarial equivalent" means a benefit of equal value when computed upon the basis of such actuarial tables as are from time to time adopted by the board, except in cases of disability retirement, the options authorized by KRS 61.635 shall be computed by adding ten (10) years to the age of the member; provided, however, that no disability retirement option shall be less than the same option computed under early retirement;

(18) "Normal retirement date" means the ***sixty-second*** [~~sixty-fifth~~] birthday of a member, unless otherwise provided in KRS 61.515 to 61.705;

(22) "Delayed contribution payment" means an amount paid by an employee for current service obtained under KRS 61.552. Such amount shall be determined using the same formula adopted by the board for purchase of service under KRS 61.552(8), except the employee shall pay a single payment of fifty percent (50%) of the total cost of such service with no cost to the employer, and such payment shall not be picked up by the employer. A delayed contribution payment shall be deposited to the member's contribution account and considered as accumulated contributions of the individual member. Section 3. KRS 61.595 is amended to read as follows:

(1) Effective August 1, 1988, upon retirement at normal retirement date, or subsequent thereto, a member

may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) for the County Employees Retirement System and one and ninety-one hundredths percent (1.91%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit. ***On August 1, 1990 the annual accrual rate of the Kentucky Employees Retirement System shall be increased to one and ninety-five hundredths percent (1.95%), and on July 1, 1991 this annual accrual rate shall be increased to two percent (2%)***, except that:

(a) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(b) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(c) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, provided such member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the board, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of such computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any such member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky Employees Retirement System or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits. ***The lesser reduction, based on age or service, shall be used as follows:***

Years required to complete 30 years or years prior to age 62	***Percentage Payable***
0	***100%***
1	***98%***
2	***96%***
3	***93%***
4	***89%***
5	***84%***
6	***80%***
7	***76%***
8	***72%***
9	***68%***
10	***64%***

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit, at least fifteen (15) of which are current service. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education may count such vested service toward attaining thirty (30) years of service credit to qualify for an unreduced retirement allowance. Such credit from a Kentucky institution of higher education shall not be used, however, to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

SB 3, AN ACT relating to election precincts.

WHEREAS, on April 1 of each year ending in "0", the United States Bureau of the Census conducts the decennial census of the nation's population; and

WHEREAS, by April 1 of each year ending in "1", the Bureau of the Census must, by federal law, supply state legislatures with complete census data for use in legislative reapportionment and congressional redistricting; and

WHEREAS, the Bureau of the Census utilizes geographical census units not generally identical to Kentucky election precincts, thereby necessitating a complex matching of census boundaries and data to the election precincts so as to accomplish Kentucky reapportionment and redistricting subsequent to the decennial census; and

WHEREAS, alterations of election precinct boundaries during that period of census data analysis would impede efforts to arrive at precinct population data prior to the legislative session at which reapportionment is considered and would also unnecessarily delay responses to legislative requests for district population data;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 117 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of KRS 117.055 notwithstanding, the county boards of elections shall maintain the boundaries of election precincts from July 15 of each year ending in "0" until the termination of the next following regular session of the general assembly or until the termination of any extraordinary session of the general assembly which enacts congressional and state legislative redistricting legislation following receipt of the decennial U. S. Census of Population, whichever shall occur at the earlier date.

(2) If any county board of elections fails to perform the duty placed upon it by subsection (1) of this section, the state board of elections shall apply to the circuit court of the county for a writ of mandamus requiring the county board to perform this duty.

This manual shall be distributed to agencies and shall be revised upon issuance of amendments to these procedures. No purchase or contract shall be binding on the state or any agency thereof unless approved by the Finance and Administration Cabinet or made under general regulations prescribed by the cabinet.***[~~;~~]

(3) ***The Finance and Administration Cabinet shall***[~~To~~] purchase or otherwise acquire, or, with the approval of the secretary, ***may*** [~~to~~] delegate ***and control*** the purchase and acquisition of ***the combined requirements of all spending agencies of the state, including, but not limited to, interests in real property, contractual services, rentals of all types, supplies, materials, equipment, and services.*** [~~, all supplies, services and construction for the Commonwealth;~~]

(4) ***The Finance and Administration Cabinet shall*** [~~To~~] sell, trade, or otherwise dispose of ***all property (including any interest in real property) of the state which is not needed, or has become unsuitable for public use, or would be more suitable to the public's interest if used in another manner, as determined by the secretary of the Finance and Administration Cabinet. The determination of the secretary of the Finance and Administration Cabinet shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. This request shall describe the property and state the reasons why the agency believes the property should be disposed. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the secretary of the Finance and Administration Cabinet and approved by the Governor. Unless the secretary of the Finance and Administration Cabinet deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction. No contract executed under this provision shall authorize a price higher than is contained in the contract between the general service administration and the vendor affected.

(8) Except as provided in KRS Chapters 175, 176, 177 and 180, and subject to the provisions of this code, the Finance and Administration Cabinet shall purchase or otherwise acquire all real property determined to be needed for state use, upon approval of the secretary of the Finance and Administration Cabinet as to the determination of need and as to the action of purchase or other acquisition. The amount paid for this real property shall not exceed the appraised value as determined by the cabinet or the Transportation Cabinet (for such requirements of that cabinet), or the value set by eminent domain procedure. Subject to the provisions of this Code, real property or any interest therein may be purchased, leased, or otherwise acquired from any officer or employee of any agency of the state upon a finding by the Finance and Administration Cabinet, based upon a written application by the head of the agency requesting the purchase, and approved by the secretary of the Finance and Administration Cabinet and the Governor, that the employee has not either himself or through any other person influenced or attempted to influence either the agency requesting the acquisition of the property or the Finance and Administration Cabinet in connection with such acquisition. Whenever such an acquisition is consummated, the request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(9) The Finance and Administration Cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the Finance and Administration Cabinet, the Governor, and the General Assembly. The Finance and Administration Cabinet shall also report trends in costs and prices, including savings realized through improved practices, to the above authorities. The Finance and Administration Cabinet shall also compile an annual report of state purchases by all spending agencies in the state's statewide accounting and reporting system. The report format shall include, but not be limited to, dollar amount, volume, type of purchase, and vendor.

(a) A total design-bid basis;

(b) A package system commonly referred to as "turnkey";

(c) Phase bidding commonly referred to as "fast track"; or

(d) Construction management.

Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(11) The Finance and Administration Cabinet shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by any agency of the state as provided in this code, and shall designate by regulation the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products. Major energy components shall be amortized on a seven (7) to ten (10) years' recovery basis and shall take into consideration the projected cost of fuel. The Governor's Office for Coal and Energy Policy shall conduct a thorough economic feasibility analysis on any major energy using component of at least three million (3,000,000) BTU's per hour heat input and must issue a certificate of economic feasibility prior to the Finance and Administration Cabinet's purchasing or retrofitting any such component that utilizes any fuel other than coal. The economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For such analysis, the Finance and Administration Cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

Section 2. KRS 45A.050 is amended to read as follows:

(1) Except as provided in KRS Chapters 175, 176, 177 and 180, all rights, powers, duties, and authority relating to the procurement of supplies, services, and construction, and the management, control, warehousing, sale, and disposal of supplies, services, and construction now vested in or exercised by any state agency under the several statutes relating thereto, are hereby transferred to the secretary of the Finance and Administration Cabinet as provided in this code, subject to the provisions of subsection (2) of this section.

(b) Published books, maps, periodicals, and technical pamphlets; and

(c) Services of visiting speakers, professors, and performing artists.

(3) The Finance and Administration Cabinet shall include in all state agency price contracts for the purchase of materials or supplies a provision that, as approved by the secretary of the Finance and Administration Cabinet, any political subdivision, including cities of all classes, counties, school districts, or special districts, may participate in such contracts to the same extent as the Commonwealth. Any political subdivision may purchase materials and supplies pursuant to a contract for such supplies and materials entered into by the Finance and Administration Cabinet for the Commonwealth, including those contracts negotiated by the cabinet with vendors who maintain a general service administration price agreement as provided in subsection (7) of KRS 45A.045. Political subdivisions of the Commonwealth must comply with other provisions of the Kentucky Revised Statutes which require purchase by competitive bidding, before participating in the contract, unless the state contract has been let by competitive bidding, or the contract was negotiated as provided in subsection (7) of KRS 45A.045.

(4) The Finance and Administration Cabinet shall inform the Department for Local Government, which shall then inform the appropriate purchasing agent of each political subdivision, interested in participating under this section, of all state agency contracts in effect between the Commonwealth and vendors.

(5) The secretary of the Finance and Administration Cabinet shall promulgate the rules and regulations necessary for the implementation of this section and necessary to provide that the Commonwealth be reimbursed for any additional expenses incurred by the Commonwealth in allowing political subdivisions to participate in contracts with vendors.

(6) The Finance and Administration Cabinet shall comply with all provisions relating to the methods of purchasing in the Kentucky Revised Statutes. This section is not intended to repeal or otherwise affect any provision of the Kentucky Revised Statutes regarding purchasing methods of the Finance and Administration Cabinet.

Section 3. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" shall mean a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles (as provided in KRS 45A.215), and a fee, if any.

(2) "Established catalogue price" shall mean the price included in the most current catalogue, price list, schedule, or other form that:

(a) Is regularly maintained by the manufacturer or vendor of an item; and

(3) "Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to [~~objective~~] measurable criteria, set forth in the invitation for bids.[~~,~~]

(a) Including, but not limited to, inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose;

(b) Which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintainability, useful life, and residual value***; and***

(c) Which shall be used to determine acceptability.

(4) "Invitation for bids" shall mean all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.

Section 4. KRS 45A.095 is amended to read as follows:

(1) A contract may be made by noncompetitive negotiation only ***for sole source purchases, or*** when competition is not feasible, as determined by the purchasing officer in writing prior to award, under regulations issued by the secretary of the Finance and Administration Cabinet ***or the governing boards of universities operating under KRS Chapter 164A, or when***[~~, and~~] emergency ***conditions exist*** [~~purchases may be made pursuant to KRS 45.400~~]. ***Sole source is a situation in which there is only one (1) known capable supplier of a commodity or service, occasioned by the unique nature of the requirement, the supplier, or market conditions. Insofar as it is practical, no less than three (3) suppliers shall be solicited to submit written or oral quotations whenever it is determined that competitive sealed bidding is not feasible. Award shall be made to the supplier offering the lowest acceptable quotation. The names of the suppliers submitting quotations and the date and amount of each quotation shall be placed in the procurement file and maintained as a public record. Competitive bids may not be required:***

(a) For contractual services where no competition exists, such as telephone service, electrical energy, and other public utility services;

(b) Where rates are fixed by law or ordinance;

(c) For library books;

(d) For commercial items that are purchased for resale;

(e) For interests in real property;

(f) For visiting speakers, professors, expert witnesses, and performing artists; and

(g) For personal service contracts executed pursuant to Sections 14 through 21 of this Act.

(2) The chief procurement officer, the head of a using agency, or a person authorized in writing as the designee of either officer, may make or authorize others to make emergency procurements when an emergency condition exists.

(3) An emergency condition is a situation which creates a threat or impending threat to public health, welfare or safety such as may arise by reason of fires, floods, tornadoes, other natural or man-caused disasters, epidemics, riots, enemy attack, sabotage, explosion, power failure, energy shortages, transportation emergencies, equipment failures, state or federal legislative mandates or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten the functioning of government, the preservation or protection of property, or the health or safety of any person.

(4) The Finance and Administration Cabinet may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency shall be fully explained, in writing, by the head of the agency for which the purchase is to be made. The explanation shall be approved by the secretary of the Finance and Administration Cabinet and shall include the name of the vendor receiving the contract along with any other price quotations, and a written determination for selection of the vendor receiving the contract. This information shall be filed with the record of all such purchases and made available to the public. Where practical, standard specifications shall be followed in making emergency purchases. In any event, every effort should be made to effect a competitively established price for purchases made by the state.

Section 5. KRS 45A.100 is amended to read as follows:

(1) Procurements, not to exceed an aggregate amount of ten thousand dollars ($10,000) ***per project*** for construction, five thousand dollars ($5,000) for equipment replacement parts purchased by the Transportation Cabinet, and one thousand dollars ($1,000) for all other purchases by state governmental bodies other than institutions of higher education, the Department of Parks, ***the Cabinet for Human Resources,*** the Transportation Cabinet and the Finance and Administration Cabinet, may be made in accordance with small purchase regulations promulgated by the secretary of the Finance and Administration Cabinet. ***Procurements not to exceed an aggregate amount of ten thousand dollars ($10,000) per project for construction, five thousand dollars ($5,000) for food, and three thousand dollars ($3,000) for purchases of commodities by the Cabinet for Human Resources may be made in accordance with small purchase regulations promulgated by the secretary of the Finance and Administration Cabinet.*** Procurements not to exceed an aggregate amount of ten thousand dollars ($10,000) ***per project*** for construction and purchases of five thousand dollars ($5,000) by state institutions of higher education, [~~the Department of Parks,~~] the Transportation Cabinet and the Finance and Administration Cabinet may be made in accordance with small purchase regulations promulgated by the secretary of the Finance and Administration Cabinet. ***Procurements not to exceed an aggregate amount of fifteen thousand dollars ($15,000) per project for construction, seven thousand five hundred dollars ($7,500) per project for commodities or services for construction or maintenance projects performed pursuant to KRS 56.491(5) or KRS 148.026, and five thousand dollars ($5,000) for all other purchases by the Department of Parks may be made in accordance with small purchase regulations promulgated by the secretary of the Finance and Administration Cabinet.***

(2) Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section. At least every two (2) years, the secretary shall review the prevailing costs of labor and materials and may make recommendations to the next Regular Session of the General Assembly for the revision of the then current maximum small purchase amount as justified by intervening changes in the cost of labor and materials.

(3) The secretary of the Finance and Administration Cabinet may grant to any state agency with a justifiable need the delegated authority to purchase specific items whose costs frequently exceed the agency's small purchase limit provided in KRS 45A.100(1). The amount of the delegated authority shall not exceed the small purchase limit set for the Finance and Administration Cabinet in KRS 45A.100(1).

SECTION 6. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

Purchases of less than fifty dollars ($50), at the discretion of the Finance and Administration Cabinet, may be made on the open market by cash payment from petty cash accounts set aside for that purpose. The Finance and Administration Cabinet shall determine the amount of the petty cash account of each state agency, and inspect the petty cash accounts at least once each year to ensure that the total, plus amount of receipts for the unreplenished disbursements, is equal to the fixed sum of cash set aside. The Finance and Administration Cabinet shall make all necessary rules and regulations governing use and replenishment of petty cash funds. An agency shall not split or parcel purchases over a period of time to evade the provisions of this section or applicable regulations. If purchases are so split or parceled, the agency head is liable for the amount authorized to be expended. In the case of a shortage in a petty cash account, the agency head is liable for the amount of the shortage.

SECTION 7. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Subject to the provisions of this Code, any budget unit may establish one (1) or more imprest cash funds when provided for by appropriation or when authorized by the Finance and Administration Cabinet for the purpose of making disbursements requiring prompt cash outlay, and to carry out the provisions of this code. The State Treasurer, upon warrants of the Finance and Administration Cabinet based upon a requisition from the head of the budget unit, shall pay to the head of such budget unit the amount necessary to establish such a fund.

(2) A custodian shall be designated by the head of the budget unit and, after appropriate instruction and testing, certified by the Finance and Administration Cabinet as qualified to administer the fund. The custodian shall file with the Finance and Administration Cabinet a schedule of the disbursements from the fund as often as may be necessary to replenish the fund and at least once each month. The schedule of disbursements shall be accompanied by appropriate vouchers and statements of indebtedness therefor approved by the head of the budget unit, and by a certificate as to the condition of the fund. The amount of the total of the approved voucher shall be paid to the custodian of the fund on the warrant of the Finance and Administration Cabinet, and the amount shall be devoted to reimbursement of the fund. Any question relative to the amount to be allowed in any imprest cash fund, the expenditure thereof, the accounting thereof, and the repayment thereof to the State Treasurer, shall be determined by the Finance and Administration Cabinet.

(3) The agency head shall be responsible for expenditures authorized from such funds, and the custodian shall be responsible for administration of the fund. Each agency head and custodian shall be separately bonded in the amount by which the total authorization for the fund exceeds the state blanket bond for such officials.

(4) A post audit of each imprest fund shall be conducted as required by KRS 43.050.

(5) Each imprest fund shall lapse with the appropriation on which it is based but may be reestablished by appropriation for the next ensuing year or when authorized by the Finance and Administration Cabinet.

(6) If work not subject to the provisions of the law for competitive bidding is done on public projects by the state through the use of its own personnel or facilities in whole or in part, the budget unit having such work performed may, when authorized by the Finance and Administration Cabinet, establish an imprest cash fund for the purpose of defraying the expenses of the proposed project. This fund shall not exceed at any time an amount equal to twenty-five percent (25%) of the anticipated total cost of the project.

SECTION 8. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The Finance and Administration Cabinet may, for satisfactory reason consistent with its responsibility to attempt in every practical way to insure that state agencies are acquiring their real needs at the lowest possible cost or to the best advantage of the state, waive any requirements of this Code in instances where purchases are made by the Commonwealth of Kentucky or any agency thereof from the federal government or any agency thereof or from any other state government or any agency thereof.

SECTION 10. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The cabinet may promulgate administrative regulations defining standards regarding classifications and definitions of small or small minority businesses as they relate to Sections 10 through 13 of this Act. These regulations may be adjusted as needed by the secretary of the Finance and Administration Cabinet in order to insure proper classification of small or small minority businesses.

SECTION 11. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The cabinet shall designate as small or small minority business set aside state contracts of goods,

equipment, construction or services requested to be purchased by or for any agency whenever there is a reasonable expectation that bids can be obtained from at least three (3) small or small minority businesses capable of furnishing the desired property or services at a fair and reasonable price. Such designation should be made prior to the advertisement for bids, and the advertisement shall indicate this invitation as a small or small minority business set aside.

(2) When an item has been designated as a small or small minority business set aside, invitations for bids shall be confined to small or small minority businesses and bids from other bidders may be rejected.

(3) The cabinet shall award contracts to the lowest and best responsible bidder meeting specifications.

SECTION 12. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

If less than three (3) small or small minority businesses are considered capable of meeting the specifications and terms of the invitations for bids, or if the cabinet determines that the lowest and best bid results in an unreasonable price, the agency shall reject all bids and withdraw the designation of small or small minority business set aside. Notification of reasons for rejection shall be given to bidders. The cabinet may then seek additional bids without reference to the small or small minority business designation.

SECTION 13. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The provisions of Sections 9 through 13 of this Act may be cited as the Kentucky Small or Small Minority Business Purchasing Act.

5. Agreements between a state agency and rural concentrated employment programs.

(2) Compliance with the provisions of Sections 14 through 21 of this Act does not dispense with the requirements of any other law necessary to make the personal service contract valid.

SECTION 15. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) No one shall begin work on a personal service contract made by any contracting body except as provided in subsection (8) of this section, until after three (3) copies of the personal service contract are filed with the Legislative Research Commission. Each service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.

(2) Each copy of a proposed personal service contract submitted to the Legislative Research Commission shall be accompanied by documentation of:

(a) The need for such service; and

(b) The unavailability of state personnel or the non-feasibility of utilizing state personnel to perform such service.

(3) Adequate notice of the need for such services shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, and state the relative importance of particular qualifications.

(4) The head of the contracting body or a designee of such officer may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

(5) Award shall be made to the offeror determined by the head of the contracting body, or a designee of such officer, to be the best qualified of all offerors based on the evaluation factors set forth in the request for proposals, and the negotiation of fair and reasonable compensation. If compensation cannot be agreed upon with the best qualified offeror and if proposals were submitted by one (1) or more other offerors determined to be qualified, negotiations may be conducted with such other offeror or offerors, in the order of their respective qualification ranking. In this case the contract may be awarded to the next best ranked offeror for a fair and reasonable compensation. All determinations of the qualification rankings of offerors by the head of the contracting body or a designee of such officer based on evaluation factors set forth in the request for proposals shall be made in writing. Written documentation shall be maintained concerning the final results of negotiation with each vendor and reasoning as to why each vendor was chosen.

(6) The Legislative Research Commission shall cause to be endorsed on the copies of each personal service contract submitted the time and date of the filing thereof and shall maintain a file of such personal service contracts for public inspection, with suitable indexes.

(7) Payment on contracts submitted to the subcommittee shall not be made before completion of the review procedure provided for in Section 17 of this Act unless the secretary of the Finance and Administration Cabinet determines that the time involved with the normal review procedure would be detrimental to the state's ability to act or to procure services. Payment shall not be made until written notification and explanation of the reasons for this action are forwarded to the subcommittee along with the personal service contract for which emergency payment is deemed necessary.

(8) In the event of a governmental emergency, work may begin prior to filing three (3) copies of the personal service contract with the Legislative Research Commission providing that the normal process will not accommodate the emergency.

(9) If an emergency exists and work is authorized to begin immediately, three (3) copies of a statement, approved by the secretary of the Finance and Administration Cabinet, setting forth in detail the nature of the emergency shall be filed with the three (3) copies of the personal service contract.

SECTION 16. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) Personal service contracts on which the estimated cost does not exceed one thousand dollars ($1,000) shall be exempt from review by the subcommittee pursuant to KRS 45A.100. Personal service contracts of one thousand dollars ($1,000) or less shall be filed with the subcommittee prior to their effective date pursuant to Section 15 of this Act for informational purposes. The subcommittee shall periodically examine the informational copies of personal service contracts of less than one thousand dollars ($1,000) and payment of less than one thousand dollars ($1,000) for personal services and may request agency participation in discussions relative to their contracts or payments.

(2) All amendments to personal service contracts covered by subsection (1) of this section shall be filed with the subcommittee prior to their effective dates. If a personal service contract of less than one thousand dollars ($1,000) is amended to the extent the amended total of the contract exceeds one thousand dollars ($1,000) per calendar year, the amended contract shall be placed on the agenda for the subcommittee's review.

Any vacancy which may occur in the membership of the subcommittee shall be filled by the Legislative Research Commission at its next regularly scheduled meeting after the occurrence of the vacancy.

(3) Any professional, clerical or other employees required by the subcommittee shall be provided in accordance with the provisions of KRS 7.090(4) and (5).

(4) All copies of proposed personal service contracts received by the Legislative Research Commission shall be submitted to the subcommittee to:

(a) Examine the stated need for the contract service;

(b) Examine whether the service could or should be performed by state personnel; and

(c) Examine the cost and duration of the contract. If the subcommittee believes that the contract service, other than an emergency contract approved by the Governor, is not needed, the service could and should be performed by state personnel, the cost is excessive, or the duration is excessive, the subcommittee shall attach a written notation of the reasons for its disapproval or objection to the personal service contract and shall return the personal service contract to the secretary of the Finance and Administration Cabinet. The subcommittee shall give notice of such disapproval or objection to the director of the Legislative Research Commission. The subcommittee shall act on a personal service contract submitted to the Legislative Research Commission within forty-five (45) days of the submission of the personal service contract.

(5) Upon receipt of the subcommittee's disapproval or objection to a personal service contract, the secretary of the Finance and Administration Cabinet shall determine whether a personal service contract:

(b) Shall be cancelled if disapproved by the subcommittee; or

(c) Shall remain effective as originally approved by the Finance and Administration Cabinet.

SECTION 18. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) No contracting body shall enter into any personal service contract for advertising, promotional or public relations services unless the Department of the Arts, through the commissioner, has been informed in writing of the specific requirements relating to such services and has declined in writing to provide the proposed services or has failed to respond to the contracting body's written request for such services within thirty (30) days after receipt of the request. The contracting body shall furnish the commissioner a comprehensive statement of, and be available as necessary for consultation about, the scope and nature of the proposed advertising, promotional or public relations services.

(2) The commissioner shall review each proposed personal service contract to determine whether the required services are available within state government at the same or less cost, whether the provisions of the proposed contract will provide the required services, and whether the individual or agency proposing the personal service contract has the expertise and resources to provide the services. The commissioner shall forward his determination to the secretary of the Finance and Administration Cabinet and shall recommend any modifications or alterations in the proposed personal service contract.

(i) Interests in real property.

(2) Nothing in this section shall deprive the boards from negotiating with vendors who maintain a general service administration price agreement with the United States of America or any agency thereof, provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between general service administration and the vendor affected.

(3) The governing board shall require the institution to take and maintain inventories of plant and equipment.

(4) The governing board shall establish procedures to identify items of common general usage among all departments to foster volume purchasing. It shall establish and enforce schedules for purchasing supplies, materials, and equipment.

(5) The governing board shall have power to salvage, to exchange, and to condemn supplies, equipment, and real property.

(6) Upon the approval of the secretary of ***the*** Finance and Administration Cabinet, the governing board may purchase or otherwise acquire all real property determined to be needed for the institution's use. The amount paid shall not exceed the appraised value as determined by a qualified appraiser or the value set by the eminent domain procedure.

(7) The governing board shall sell or otherwise dispose of all real or personal property of the institution which is not needed or has become unsuitable for public use, or would be more suitable consistent with the public interest for some other use, as determined by the board. The determination of the board shall be set forth in an order, and shall be reached only after review of a written request by the institution desiring to dispose of the property. Such request shall describe the property and state the reasons why the institution believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the appropriate officer of the board. Unless the board deems it in the best interest of the institution to proceed otherwise, all such real or personal property shall be sold either by invitation of sealed bids or by public auction, provided, however, that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the Finance and Administration Cabinet or the Transportation Cabinet for such requirements of that department.

(8) Real property or any interest therein may, subject to the provisions of KRS Chapter 45A, be purchased, leased, or otherwise acquired from any officer or employee of any board of the institution, based upon a written application by the grantor or leasor approved by the board, that the employee has not either himself or through any other person influenced or attempted to influence either the board requesting the purchase of the property. In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the Secretary of State along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(9) For capital construction projects, the bidding may be on a total design-bid basis, a package system commonly referred to as "turnkey," or construction management, whichever in the judgment of the board offers the lowest real cost to the taxpayer. Bids shall be reviewed by the institution's engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

(10) The governing board shall attempt in every practicable way to insure the institution's supplying its real needs at the lowest possible cost. To accomplish this the board may enter into cooperative agreements with other public or private institutions of education or health care.

(11) The governing board shall have control and supervision over all purchases of energy consuming equipment, supplies and related equipment purchased or acquired by the institution, and shall designate by regulation the manner in which an energy consuming item will be purchased so as to promote energy conservation and acquisition of energy efficient products.

(12) The governing board may negotiate directly for the purchase of contractual services, supplies, materials, or equipment in bona fide emergencies regardless of estimated costs. The existence of the emergency must be fully explained, in writing, by the vice president responsible for business affairs and such explanation must be approved by the university president. The letter and approval shall be filed with the record of all such purchases. Where practical, standard specifications shall be followed in making emergency purchases. A good faith effort shall be made to effect a competitively established price for emergency purchases.

(2) To make contracts and agreements whereunder the authority may undertake to provide educational television facilities and related functions and facilities to or for any public body of the state or federal government in furtherance of educational television or in aid of any other public function; provided, however, it shall

be an express provision of every such contract that the authority will not undertake to transmit or relay, and will not permit any other party to transmit or relay, in the use of the authority's television facilities, any subversive matter, any political propaganda, or any image or message in the interests of any political party or candidate for public office; or be used by, or in aid of, any church, sectarian or denominational school; but this proviso is not intended and shall not be construed to be a limitation upon dissemination by the authority of legitimate objective instructional material which is properly related to the study of history or of current events, or which is no more than factually informative, of current issues of government or of various political ideologies;

In all such matters, the authority shall be subject to the provisions of KRS Chapters 45*A* and 56;

(6) To prescribe standards for receiving instruments which are purchased in the future for use in the public schools, in order that reception of educational television programs and related services may be acceptable and in conformity with the manner of transmission thereof; and to disseminate such standards together with technical information with regard to installations and use of receiving instruments to all of the public school districts, or to such as may request the same;

(7) In its discretion and within the limitation of availability of funds from any sources, to:

(a) Establish a program of matching funds as an inducement to public school districts to purchase and install proper facilities for receiving and utilizing educational television programs and related services, especially in situations where by reason of topographical difficulties of reception, special antennas or other equipment may be required, and/or

(b) If so requested by the boards of education of a sufficient number of public school districts, to purchase through the Finance and Administration Cabinet, subject to the provisions of KRS Chapter 45*A*, receiving instruments on their behalf on a wholesale basis for the purposes of economy, any such purchases to be on a public competitive basis after due advertisement according to law, but restricted to such receiving instruments as meet the standards prescribed by the authority.

The temporary members of the board shall be appointed by the county judge/executive of the county in which a regional integrated waste treatment and disposal demonstration facility is proposed to be located and shall be bona fide residents of the county. The temporary members of the board shall be appointed within thirty (30) days of the declaration of intent required by KRS 224.2205 and 224.2207; however, failure of the appropriate appointing authority to appoint temporary members of the board within thirty (30) days shall not preclude the board from acting upon applications for certificates of environmental safety and public necessity. Section 57. KRS 224.876 is amended to read as follows:

(1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The Natural Resources and Environmental Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances as defined in KRS 224.877 into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of ***Sections 15 through 21 of this Act*** [~~KRS 45.705 to 45.720~~] may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the non-federal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (Public Law 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes" or waste oil. The assessment shall be reported and paid to the Revenue Cabinet on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a report or return in such form as the Revenue Cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon said business under this section shall be reduced by the amount of the federal assessment or tax upon said business; provided, however, that the reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for said purposes. The assessment shall be charged against generators of hazardous waste until June 30, 1990, and after such date no further hazardous waste management assessment shall be charged against generators.

(8) The assessment on generators shall be determined according to the following criteria for off-site treatment and disposal; the assessment for onsite treatment and disposal shall be one-half (1/2) of the amount as would be assessed for off-site treatment and disposal, except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(a) When the waste is destined for long-term containment without treatment, the assessment shall be two cents (2) per gallon initially, and shall increase by one cent (1) annually up to five cents (5) per gallon in 1983 and remain at five cents (5) thereafter if the waste is liquid, or two dollars and fifty cents ($2.50) per cubic yard if the waste is solid. Long-term containment includes disposal in a landfill, long-term storage, and other types of disposal specified by the cabinet;

(b) When a waste not suitable for a long-term containment is chemically treated, resulting in a material which is suitable for long-term containment but is still hazardous, the assessment shall be one cent (1) per gallon if the waste is a liquid or one dollar ($1) per cubic yard if the waste is solid;

(c) When the waste is destined for chemical treatment resulting in a material which is not hazardous as determined by testing criteria promulgated by the cabinet, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents (50) per cubic yard if the waste is solid; and

(d) When the waste is destined for destructive treatment by incineration or other means, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents (50) per cubic yard if the waste is solid.

(9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8)(a) to (d) of this section. The facility shall remit the assessment to the Revenue Cabinet on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a return as the Revenue Cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the Revenue Cabinet may, from any information in its possession, make an estimate and issue an assessment against such generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the Revenue Cabinet, then, unless it is shown to the satisfaction of the Revenue Cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the Revenue Cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the Revenue Cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the Revenue Cabinet.

(13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The Revenue Cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. When the State Treasurer certifies to the cabinet that the balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the State Treasurer certifies to the Revenue Cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000).

(14) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out said duties except when immediate action is required to protect public health or the environment in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.

(15) If any person, responsible for a release or threatened release of a hazardous substance, fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, then the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

(16) If disposal activities have occurred at a hazardous waste site, then the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.

(17) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

Section 58. KRS 247.170 is amended to read as follows:

The sum appropriated by the General Assembly for premiums alone shall be paid to the State Fair Board and be disbursed by its agent as a petty cash fund in accordance with the provisions of ***Section 6 of this Act*** [~~KRS 45.410~~].

Section 59. KRS 262.610 is amended to read as follows:

(1) The Soil and Water Conservation Commission as referred to in KRS Chapter 146, subject to the supervision of the commissioner of natural resources, to the restrictions provided in KRS 262.610 to 262.660, and to the requirements of KRS Chapters 42 and 45***A***, is hereby authorized to acquire and to make available, or to assist in acquiring or making available to soil and water conservation districts, heavy or specialized machinery or equipment which an individual district cannot itself economically obtain.

(2) When the commission acquires or makes available to any district the machinery or equipment above referred to, it shall require said district to fully amortize, in the form of rentals, to the Division of Soil and Water Conservation, as referred to in KRS Chapter 146, any amount so expended by the commission for such assistance. The amount and method of amortization for each piece of heavy or specialized machinery or equipment shall be determined by the commission, subject to approval of the commissioner of natural resources, on the basis of a rental to be charged by the district to the user of such machinery or equipment sufficient (a) to fully amortize to the division the capital outlay for the machinery itself over the period of its reasonably anticipated full usefulness; (b) to cover the cost of operation, maintenance and repairs; (c) to pay the usual cost of providing an operator; (d) to compensate the district for the usual costs of transportation from one job to another.

(3) In giving effect to all of the foregoing, the commission shall estimate the amount of time such equipment would ordinarily be idle.

Section 60. KRS 313.350 is amended to read as follows:

(1) All fees imposed and collected under the provisions of KRS 313.040 to 313.470 shall be paid to the secretary-treasurer of the board and shall be deposited in the State Treasury to the credit of a revolving fund for the exclusive use of the board. All disbursements by the board in the transactions of its business and in the enforcement of the provisions of this chapter shall be paid out of such revolving fund as claims against the state in accordance with the provisions of KRS ***Chapters*** [~~Chapter~~] 45 ***and 45A***.

(2) The board may establish a petty cash fund not to exceed one thousand dollars ($1,000) for the purpose of making disbursements requiring prompt cash outlay, and to carry out the provisions of KRS ***45A.045*** [~~45.360~~] applying to the delegation of authority to purchase.

Section 64. KRS 350.570 is amended to read as follows:

(1) If the cabinet makes a finding of fact pursuant to the abandoned mine lands program that:

(a) Land or water resources have been adversely affected by past coal mining practices; and

(b) The adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(c) The owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or readily available; or

(d) The owners will not give permission for the United States, the Commonwealth, political subdivisions, or their agents, employees, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices; then, upon giving notice by mail to the owners if known or if not known, by posting notice upon the premises and advertising once in a newspaper of general circulation in the municipality or county in which the land lies, the cabinet and its authorized representatives, agents, and contractors shall have the right to enter upon the property adversely affected by past coal mining practices, and any other property to have access to such property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and shall not be construed as an act of condemnation of property nor of trespass thereon. The moneys expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damages by virtue of such entry: provided, however, that this provision is not intended to create new rights of action or eliminate existing immunities.

(2) The cabinet and its authorized representatives, agents, and contractors shall have the right to enter upon any property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. Such entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare, and shall not be construed as an act of condemnation of property nor trespass thereon.

(3) The Commonwealth shall have the power to acquire, by purchase, donation, devise, or condemnation, any land which is adversely affected by past coal mining practices if acquisition of such land is necessary for successful reclamation and that:

(a) The acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes or provide open space benefits; or

(b) Permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

(c) Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of this chapter or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(4) Title to all lands acquired pursuant to this section shall be in the name of the Commonwealth. The price paid for the land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices. The Commonwealth may exercise the power of eminent domain against such land by filing a condemnation suit under the procedure of the eminent domain act of Kentucky. Provided, that when the Commonwealth acquires land adversely affected by past coal mining practices pursuant to the abandoned mine lands program and when such abandoned mine reclamation fund moneys are less than the purchase price, the Commonwealth shall be authorized to use whatever funds are available pursuant to KRS 350.156(3).

(5) The Natural Resources and Environmental Protection Cabinet may receive any federal, state, or other funds for the purpose of reclaiming lands affected by past coal mining practices, including federal funds made available to it pursuant to title IV of the surface mining control and reclamation act of 1977 (P.L. 95-87). The cabinet may avail itself of any services which may be provided by other state agencies or the federal government, and may compensate them for such services.

(6) The cabinet shall have the power to backfill, grade, revegetate, and perform other acts of restoration and reclamation on lands acquired pursuant to this section. The cabinet may cause the reclamation work to be done by its own employees or by employees of other governmental agencies or soil conservation districts, or through contracts with qualified persons. Such contracts shall be awarded pursuant to regulations promulgated by the cabinet. The cabinet and any other agency and any contractor under a contract with the cabinet shall have the right of access to the land affected to carry out such reclamation.

(7) Where land acquired pursuant to this section is deemed to be suitable for industrial, commercial, residential, or recreational development, the Commonwealth shall have the power to sell such land by public sale under a system of competitive bidding, at not less than fair market value and under such regulations as may be promulgated to insure that such lands are put to proper use consistent with local and state land use plans, if any. The proceeds of any such sale shall be credited to the abandoned mine reclamation fund. The cabinet, when requested after appropriate public notice, shall hold a public hearing, with the appropriate notice, in the county or counties in which lands acquired pursuant to this section are located. The hearings shall be held at a time which shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(8) In addition to the authority to acquire and reclaim land for the purposes set forth in subsection (3) of this section, the Commonwealth is given authority to use money in the fund to acquire land by purchase, donation, devise, or condemnation and to reclaim such land and to transfer it to any political subdivision of the Commonwealth or to any person, firm, association, or corporation, if such is an integral and necessary element of an economically feasible plan for a project to construct or rehabilitate housing for persons disabled as the result of employment in the mines or work incidental thereto, persons displaced by acquisition of land pursuant to this section, persons dislocated as the result of adverse effects of coal mining practices which constitute an emergency as provided in KRS 350.585, or persons dislocated as the result of natural disasters or catastrophic failures from any cause, or any related commercial, industrial, agricultural, recreational, or governmental use of facilities. Such activities shall be accomplished under such terms and conditions as the Commonwealth shall require, which may include transfers of land with or without monetary consideration. Provided, that to the extent that the consideration is below the fair market value of the land transferred, no portion of the difference between the fair market value and the consideration shall accrue as a profit to such persons, firm, association, or corporation. No part of the funds provided under the abandoned mine reclamation fund may be used to pay the actual construction costs of housing.

(9) All acquisitions and disposals of land or any interests therein pursuant to the authority granted by this section shall be governed by the applicable provisions of KRS Chapters 45***A*** and 56.

Section 65. KRS 350.710 is amended to read as follows:

The bond pool commission shall:

(1) Review, in accordance with the applicable administrative regulations of the cabinet, all applications for membership in the bond pool and assign a rating to each applicant for membership. The commission shall deny membership to any applicant who fails to satisfy the eligibility criteria set forth in KRS 350.720;

(2) Review all applications by bond pool members and recommendations by the bond pool administrator for revision of an assigned rating. Such review shall include evaluation of the bond pool member's performance of reclamation requirements as set forth in this chapter and the administrative regulations promulgated pursuant thereto and consideration of the member's payment of fees and penalties assessed pursuant to KRS 350.725;

SB 355, AN ACT relating to reorganization.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 12.028 is amended to read as follows:

(1) Recognizing the necessity for grouping related functions of organizational units and administrative bodies in order to promote greater economy, efficiency and improved administration, the Governor and other elected state executive officers may propose to the General Assembly, for its approval, changes in the state government organizational structure which may include the creation, alteration or abolition of any organizational unit or administrative body and the transfer of functions, personnel, funds, equipment, facilities and records from one (1) organizational unit or administrative body to another.

(2) Recognizing that changes in the state government organizational structure may need to be made as rapidly as possible to achieve greater economy, efficiency and improved administration as the needs of government dictate, the Governor and other elected state executive officers may, between sessions of the General Assembly, temporarily effect a change in the state government organizational structure as described in subsection (1) of this section if such temporary reorganization plan is first reviewed by the interim joint legislative committee with appropriate jurisdiction. The Governor may not effect a temporary reorganization plan under this subsection that would change the organizational structure of an organizational unit or administrative body headed by another elected state executive officer unless requested in writing by that officer. An elected state executive officer other than the Governor may only change the organizational structure of an organizational unit or administrative body that he heads.

(3) Any reorganization proposed under subsection (1) or (2) of this section shall be set forth in a reorganization plan which shall be filed with the Legislative Research Commission. The plan shall include:

(a) An explanation of each proposed change, including the need for the change;

(b) An estimate of any reduction or increase in expenditures, itemized as far as practicable, which the promulgating officer expects will result from the reorganization;

(c) A description of any improvements in the management, delivery of state services, and efficiency of state government operations which the promulgating officer expects will be realized as a result of the reorganization; and

(d) Specification of the effects of the reorganization on the budget and personnel of each affected organizational unit or administrative body, including but not limited to the amount of funds and the number of employees that will be transferred from one (1) organizational unit or administrative body to another, any reductions in the state work force resulting from the reorganization, and the methods to be utilized to achieve such reductions.

(4) When a proposed reorganization plan is submitted for review under subsection (2) of this section the presiding co-chairman of the Legislative Research Commission shall determine which interim joint legislative committee has appropriate jurisdiction and shall refer the plan to such committee within ten (10) days after the Director of the Legislative Research Commission receives the proposal. The interim joint legislative committee to which it is referred shall review the plan to determine whether the plan can reasonably be expected to achieve greater economy, efficiency or improved administration in state government ***and whether it complies with the requirements of subsection (3) of this section***. The committee shall report its findings to the Legislative Research Commission. The committee shall review and report on the plan within sixty (60) days after it is filed with the Legislative Research Commission. If the committee does not report on a proposed plan within the time specified in this subsection, the plan shall be considered reviewed by the interim joint legislative committee with appropriate jurisdiction.

(5) A temporary reorganization effected under subsections (2) to (4) of this section shall be terminated ninety (90) days after sine die adjournment of the next Regular Session of the General Assembly unless otherwise specified by the General Assembly. The Governor or other officer who promulgated a temporary reorganization plan under this section shall recommend legislation to the General Assembly to confirm the temporary reorganization plan. The subject matter of each executive order relating to reorganization shall be presented to the General Assembly in a separate bill. ***The House and Senate standing committees to which is referred legislation confirming a temporary reorganization plan shall take into consideration whether the plan when presented for review to an interim joint committee complied with the requirements of subsection (3) of this section. The committees shall not give favorable recommendation to, nor shall the General Assembly enact, a temporary reorganization plan, until the committees have determined that the plan meets the requirements of subsection (3) of this section.*** If the General Assembly fails to enact the temporary reorganization plan or an alternative to such plan, the organizational structure that existed immediately prior to the implementation of the temporary plan shall be reinstated upon the termination of the temporary plan. If the General Assembly fails to enact a temporary reorganization plan, the Governor and other elected state executive officers shall not effect the plan prior to the next succeeding session of the General Assembly.

(6) The Legislative Research Commission or the Legislative Program Review and Investigations Committee may monitor the implementation of any reorganization plan to determine the extent to which the anticipated improvements in economy, efficiency or administration have been realized as a result of the reorganization and shall report its findings to the General Assembly.

(7) Funds transferred due to reorganization shall be maintained in separately designated accounts. Any excess funds resulting from a reorganization shall lapse to the general fund surplus account.

Section 2. KRS 12.027 is amended to read as follows:

When the Governor or another elected official effects a temporary reorganization under KRS 12.028, he shall do so by executive order filed with the Legislative Research Commission and the Secretary of State, and he shall clearly designate the order as one relating to reorganization. The Secretary of State shall keep a copy of all executive orders relating to organization. ***Each executive order filed with the Legislative Research Commission under this section shall have its complete text printed in The Administrative Register.***

Section 3. KRS 13A.050 is amended to read as follows:

One (1) copy of the Kentucky administrative regulations service with the original certificate therein shall be maintained in the Office of the Secretary of State. All other copies shall contain a printed copy of the certificate and shall constitute prima facie evidence of the law in all courts and proceedings.

(5) The commission shall prescribe reasonable fees for subscription to the Kentucky administrative regulations service and The Administrative Register. All fees paid to the commission for these publications shall be placed in the State Treasury to the credit of a revolving, trust or agency fund account, for use by the Legislative Research Commission in carrying out the provisions of this section.

As early as possible in the formulation of a proposal for a state funded action or project that may impact the environment, the lead agency shall prepare an environmental assessment describing the proposed action, the environmental impact and ways of avoiding or minimizing the adverse effects of the actions. If no significant adverse impact is anticipated, the lead agency shall issue a finding of no significant impact. The lead agency shall consult with other appropriate state agencies to obtain assistance in determining the environmental consequences of the proposed action. The environmental assessment shall be filed with the Natural Resources and Environmental Protection Cabinet and the Environmental Quality Commission and be made available to the public upon request at a time that will not compromise the proposed state funded action or project.

SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) If the environmental assessment indicates significant environmental impact is possible from the action or project, an environmental impact statement shall be prepared by the lead agency. The environmental impact statement shall include a detailed statement setting forth the following:

(a) A description of the proposed action and its environmental setting;

(b) The environmental impact of the proposed action, including short-term and long-term effects;

(c) Any adverse environmental effects which cannot be avoided if the proposal is implemented;

(d) Evaluation of alternatives to the proposed action;

(e) Any irreversible and irretrievable losses or commitments of resources which would be involved in the proposed action or project if it is implemented;

(f) Mitigation measures proposed to minimize the environmental impact; and

(g) Details of the beneficial aspects of the proposed action or project and a review of the economic, environmental and social tradeoffs of the action or project and its alternatives.

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

A draft statement shall be circulated for comment among other state agencies which have jurisdiction by law or which have special expertise with respect to any environmental impact involved in a manner not to compromise the action or project.

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The final environmental impact statement and the environmental assessment shall be filed with the Natural Resources and Environmental Protection Cabinet and the Environmental Quality Commission and made available to the public upon request at a time when the action or project will not be compromised.

SECTION 8. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

When an agency decides to carry out or approve an action or project which has been the subject of an environmental assessment or environmental impact statement, it shall make a finding that the requirements of this Act have been met and that all feasible action shall be taken to minimize or avoid environmental problems revealed in the environmental assessment and environmental impact statement process.

SECTION 9. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

For all other actions or projects that are not federally or state funded, each state agency shall utilize a systematic and interdisciplinary approach to reviewing those actions or projects which will insure the incorporation and use of the natural and social sciences and environmental values in planning and decision making which may have an impact on the environment. Each agency at the earliest possible time shall consult and coordinate its review of any other action or project with appropriate state agencies which have jurisdiction by law or special expertise with respect to any environmental impact including but not limited to water, air, land use compatibility, state and federally listed threatened and endangered species and species of special state concern, natural features, cultural factors, health affects, and sensitive areas. Any agency may also prepare an environmental assessment or environmental impact statement on any of its other actions or projects which may significantly affect the environment.

SECTION 10. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

In order to avoid duplication of effort and to promote consistent administration of federal and state environmental policies, the environmental assessment and environmental impact statement required under this Act shall not be prepared with respect to actions for which studies are required to be prepared pursuant to the National Environmental Policy Act, provided the statement complies with this chapter and guidelines adopted pursuant thereto.

SECTION 11. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

All state agencies shall review their present statutory authority, administrative regulations, and current policies and procedures for the purpose of determining whether they contain any deficiencies or inconsistencies which prohibit full compliance with the purposes and provisions of this Act and shall propose to the Governor and the General Assembly, no later than one (1) year after the enactment of this Act, measures necessary to bring their authority and policies into conformity with the intent, purposes, and procedures set forth in this Act.

The Committee Substitute to **HB 291** is as follows:

HB 291, AN ACT relating to a uniform state environmental policy.

WHEREAS, the General Assembly recognizes the need to insure the proper consideration of environmental values and factors during state decision-making to prevent or minimize development impacts on the environment; and

WHEREAS, interaction and coordination between state agencies for reviewing environmental impacts of state-initiated siting and development activities and projects receiving economic incentives does not formally exist; and

WHEREAS, a working committee of the Legislative Research Commission on Kentucky's government created by Senate Concurrent Resolution 83 recommended that environmental protection be given priority in any considerations involving the expenditure of state economic development funds; and

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

The task force shall research state development activities and procedures and receive information and the assistance of various state agencies as requested.

Section 4. The task force shall issue a report with its findings and recommendations on insuring proper consideration of environmental values during state decision-making to the Legislative Research Commission by September 1, 1991.

Section 5. Staff services to be utilized in operation of the task force are estimated to cost ten thousand dollars ($10,000). These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

HB 563, AN ACT relating to ground water.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 151.040 TO 151.100 IS CREATED TO READ AS FOLLOWS:

HB 617, AN ACT relating to a groundwater monitoring network and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

It is a finding of the General Assembly that groundwater makes up over ninety-five percent (95%) of

the fresh-water resources in Kentucky. Groundwater accounts for over thirty percent (30%) of the public and domestic water supplies in the Commonwealth, and up to ninety percent (90%) of all rural domestic supplies and is the major source of water to streams during drought conditions. High-quality groundwater is essential for the present and future economic and physical well being of our citizens, and it is critical that Kentucky maintain or restore this resource for its highest and best use, and to minimize or prevent waste and degradation. Consistent with this goal, it is imperative that a system for characterizing and monitoring groundwater aquifers be developed. Information acquired through groundwater monitoring networks would allow Kentucky to build an adequate and reliable data base through identifying and characterizing the groundwater resource. Groundwater systems can be modeled, and plans formulated for recognizing and dealing with degradation if it occurs. The information from the monitoring network can be used to identify new contamination problems, properly assess potential or suspected problems, set realistic regulatory standards, address resource allocation concerns, monitor compliance with administrative regulations, set boundaries on well-head protection areas, evaluate and improve the quality and quantity of data collected through all programs and support a groundwater data management system.

SECTION 2. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) The Kentucky Geological Survey shall establish a program to initiate and develop a long-term groundwater monitoring network for the purpose of characterizing the quality, quantity and distribution of Kentucky's groundwater resources.

(2) The program shall include the installation of monitoring wells on a statewide basis and provide for long-term data collection to determine the quality, quantity, and occurrence of groundwater aquifers throughout the Commonwealth in order to assist in the protection of those resources by the proper regulatory agencies. The Kentucky Geological Survey shall utilize collected data to support research efforts that develop models for groundwater systems and to determine and monitor trends of groundwater movement, water quality and quantity.

(3) The Kentucky Geological Survey shall enter data from the network into a groundwater data base which is readily available to the public, government agencies, industry and other entities that request access. Also, analyzed data shall be made available in the form of maps, charts, bulletins and reports.

(4) The Kentucky Geological Survey shall solicit input from state and local agencies, industry, universities, and the public to determine priority areas to be covered by the network as it is developed.

Section 3. There is appropriated from the general fund for the 1990-91 fiscal year two hundred thirty-nine thousand four hundred dollars ($239,400) and for the 1991-92 fiscal year two hundred seventy-seven thousand two hundred dollars ($277,200) to implement this Act.

The Committee Substitute to **HB 617** is as follows:

HB 617, AN ACT relating to a groundwater monitoring network and making an appropriation therefor.

A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device, [(]including but not limited to roulette wheels, gambling tables and similar devices,[)] designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property;

(c) But, the following ***shall*** [~~are~~] not [~~to~~] be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums or property of any kind for scores, combinations or free games obtained in playing ***the*** [~~such~~] pinball machine in which ***the*** [~~such~~] person has an interest as owner, operator, keeper or otherwise.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one (1) or more of which are to be designated the winning ones; and

2. The winning chances are to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in paragraph (a) of this subsection is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) of this section is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" — A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

(10) (a) "Charitable gaming" means games of chance, including bingo, operated by charitable or religious organizations or institutions or fraternal societies, or associations, operating under the lodge system, the net earnings of which are devoted exclusively to religious, scientific, literary, educational, or fraternal purposes. The Committee Substitute to **HB 475** is as follows:

HB 475, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" — A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. ***The*** [~~Such~~] conduct ***shall include,*** [~~includes~~] but is not limited to, conduct directed toward the establishment of the particular game, contest, scheme, device or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial

or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device***,*** [~~(~~]including but not limited to roulette wheels, gambling tables and similar devices***,***[~~)~~] designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property;

(c) But, the following ***shall*** [~~are~~] not [~~to~~] be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up and kept to be played for amusement only.[~~; provided~~] Any [~~such~~] pinball machine shall be made to receive and react only to the deposit of coins during the course of a game.[~~; provided~~] The ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any [~~such~~] pinball machine shall be the right to play one (1) or more additional games immediately on the same device at no further cost.[~~; provided~~] The maximum number of free games that can be won, registered, or accumulated at one (1) time in operation of any [~~such~~] pinball machine shall not exceed thirty (30) free games.[~~; provided~~] Any [~~such~~] pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released.[~~; and provided~~] Any [~~such~~] pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums or property of any kind for scores, combinations or free games obtained in playing ***the*** [~~such~~] pinball machine in which ***the*** [~~such~~] person has an interest as owner, operator, keeper or otherwise.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one (1) or more of which are to be designated the winning ones; and

2. The winning chances are to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in paragraph (a) of this subsection is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular

gambling activity. A person who engages in "bookmaking" as defined in subsection (2) of this section is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" — A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

(10) (a) "Charitable gaming" means games of chance, including bingo, operated by charitable or religious organizations or institutions or fraternal societies, or associations, operating under the lodge system, the net earnings of which are devoted exclusively to religious, scientific, literary, educational, or fraternal purposes. In order to assume a charitable gaming status, the charitable or religious organization or institution or fraternal society and the gaming activity conducted thereby shall conform to the [~~following~~] requirements ***of Sections 2 and 3 of this Act***[~~:~~

~~1. The organization or institution conducting the gaming activity shall maintain a charitable or religious or fraternal society tax exemption according to the Federal Internal Revenue Code and shall have maintained such federal tax exempt status for a period of five (5) years prior to any prosecution under this chapter;~~

~~2. The gaming activity conducted by such organization or institution shall be operated exclusively by volunteer personnel receiving no remuneration whatsoever for their services;~~

~~3. Any proceeds resulting from the operation of charitable gaming activity shall be utilized solely for purposes consistent with the charitable or religious or fraternal society functions and objectives for which the operating organization or institution or fraternal society received and maintained federal tax exempt status.~~

~~(b) The status of "charitable gaming" shall be a defense to any prosecution under this chapter~~].

(5) The charitable gaming activities of any one (1) organization shall be limited to only one (1) location, and shall be limited to two (2) days in any one (1) week for a period not to exceed six (6) hours in any one (1) day. (6) Approved suborganizations of a primary organization which conducts charitable gaming, such as a ladies auxiliary, or other specialized group operating under the direct control of the primary organization, which suborganizations conduct a charitable gaming activity four (4) or less times per year may, with the written permission of the governing board of the primary organization, conduct charitable gaming in excess of the organizational limits permitted in subsections (4) and (5) of this section. The suborganization shall, however, comply with the requirements of subsections (4) and (5) of this section.

(7) Accurate records and books shall be kept by the charitable organization conducting the gaming activity showing the total number of persons who played; the total amount of moneys received from persons who played, attended, or participated in the gaming activity; the expenses incurred; the name and address of each person who received a prize or to whom expenses were paid; and the amount of the net proceeds, received by the organization from charitable gaming.

(8) All proceeds from the gaming activity, except for prizes paid out, shall be deposited into a checking account devoted exclusively to the gaming activity. "Section 636. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage use or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(2) Gross receipts from sales of, and the storage, use or other consumption in this state of:

(a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container; and

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use or other consumption in this state of, tangible personal property used for the performance of a lump sum, fixed fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if such sale amounts to twenty-five cents (25) or less, provided the retailer is primarily engaged in making such sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities or special districts as defined in KRS 65.005. This exemption applies only to purchases of property or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit is not entitled to the exemption even though such purchaser may be the recipient of public funds or grants;

(8) [~~(a) Gross receipts from the sale of sewer services, water and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke and wood. Determinations of eligibility for the exemption shall be made by the revenue cabinet;~~

~~(b) In making such determinations of eligibility, the cabinet shall exempt from taxation all gross receipts derived from sales classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the public service commission. Where the service is classified as residential, use other than for "residential" purposes by the customer will not negate the exemption;~~

~~(c) The exemption does not apply where charges for sewer service, water and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and~~

~~(d) The exemption applies also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years; and~~

~~(9)~~]Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill.

(9)[~~(10)~~]Gross receipts from sales to an out-of-state agency, organization or institution exempt from sales and use tax in its state of residence when that agency, organization or institution gives proof of its tax exempt status to the seller and the seller maintains a file of such proof.

In the event the assessments for all counties have not been certified by July 1, the cabinet shall, when real property assessments of at least seventy-five percent (75%) of the total number of counties of the Commonwealth have been certified, make an estimate of the real property assessments of the uncertified counties and compute the state tax rate.

(9) In the event that the tax rate set by the cabinet as provided in subsection (8) of this section produces more than a four percent (4%) increase in real property tax revenues, the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

(10) An ad valorem tax for state purposes on distilled spirits shall be levied according to the following rate schedule:

(1) One of the primary purposes of this chapter shall be restoration of the injured employee to gainful employment. To this end there is hereby created a rehabilitation panel which shall be composed of the commissioner and specialists in medical and vocational rehabilitation to be appointed by the board.

(2) The panel shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public. The board in consultation with the panel, shall approve as qualified such facilities, institutions and physicians as are capable of rendering competent rehabilitation service to seriously injured employees. No facility or institution shall be considered as qualified unless it is specifically equipped to provide rehabilitation services for persons suffering either from some specialized type of disability or general type of disability within the field of occupational injury and is staffed with trained and qualified personnel, and with respect to physical rehabilitation, unless it is supervised by a physician qualified to render such service. No physician shall be considered qualified unless he has had the experience and training specified by the board.

(3) An employee who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services for whatever period of time is necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable. When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. In all such instances, the administrative law judge shall inquire whether such services have been voluntarily offered and accepted. The administrative law judge on his own motion, or upon application of any party or carrier, after affording the parties an opportunity to be heard, may refer the employee to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, and after affording the parties an opportunity to be heard by the panel, the administrative law judge, in consultation with the panel, may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service the administrative law judge may deem necessary, be provided at the expense of the ***employer or his insurance carrier*** [~~defendants~~]. Vocational rehabilitation training, treatment or service shall not extend for a period of more than fifty-two (52) weeks, except in unusual cases when by special order of the administrative law judge, after hearing and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical and justifiable, the period may be extended for additional periods.

(4) Where rehabilitation requires residence at or near the facility or institution, away from the employee's customary residence, reasonable cost of his board, lodging or travel shall be paid for by the ***employer or his insurance carrier*** [~~defendants~~].

(5) Refusal to accept rehabilitation pursuant to an order of an administrative law judge shall result in a fifty percent (50%) loss of compensation for each week of the period of refusal.

(6) The board and the rehabilitation panel shall cooperate on a reciprocal basis with the Kentucky office of rehabilitation of the Department of Education and the Department of Employment Services of the Kentucky Cabinet for Human Resources. In the event medical treatment, medical rehabilitation services, or vocational rehabilitation services are purchased for an injured employee by the office of vocational rehabilitation or Department for Employment Services following the [~~defendant's~~] refusal ***by the employer or his insurance carrier*** to provide such services, the board, after affording the parties an opportunity to be heard, may order reimbursement of the cost of such treatment or services by the ***employer or his insurance carrier*** [~~defendants~~] as apportioned in the award.

(7) The board shall, by July 1, 1988, promulgate administrative regulations to effectuate the provisions of this section. The administrative regulations shall ensure early intervention; prompt and cost-efficient delivery of rehabilitation services and vigorous monitoring of qualified rehabilitation providers, facilities and agencies.

If death results from the injury, the employer shall pay the cost of burying in an amount not to exceed ***four thousand dollars ($4,000)*** [~~$2,500~~] to any person who performed such service or incurred the liability for the service, whether or not the employee leaves dependents within the meaning of this chapter. Any such person is hereby authorized to file a petition with the board for the fixing of the amount of the service and for an order requiring the employer to pay the cost of the service. If death occurs while the employee is away from his usual place of business or residence, the employer ***shall***[~~will~~] be liable for the additional reasonable cost of transportation of the body to the employee's place of residence within the Commonwealth of Kentucky.

The Committee on Health and Welfare reported **SB 42**, **SB 233** with Committee Amendments attached thereto, **SB 246** with Committee Substitute, Title Amendment and Committee Amendment attached thereto, and **SB 265** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. e. Quality of services. The applicant should be prepared to and capable of undertaking and carrying out the responsibilities involved in the proposal in a manner consistent with appropriate standards and requirements assuring the provision of quality health care services; [~~and~~].

f. Special needs and circumstances of health maintenance organizations. In the case of a health maintenance organization or an ambulatory care facility or health facility controlled directly or indirectly by a health maintenance organization, the proposal should be consistent with the special needs and circumstances of health maintenance organizations;.

i. For all certificates of need approved for long-term care beds, or conversions thereof, after the effective date of this Act, a minimum of fifteen percent (15%) of those beds approved shall be certified for participation in the Kentucky medical assistance program:.

Section 4. KRS 186A.190 is amended to read as follows:

(1) The perfection and discharge of a security interest in any property for which has been issued a Kentucky certificate of title shall be by notation on the certificate of title. If the debtor does not reside in the Commonwealth, the notation of the security interest shall be done*** [~~or, if the debtor is a nonresident,~~] in the office of the county clerk in which the property is principally situated or operated. Notwithstanding the existence of any filed financing statement under the provisions of KRS Chapter 355 relating to any property registered or titled in Kentucky, the sole means of perfecting and discharging a security interest in property for which a certificate of title is required by this chapter is by notation on such property's certificate of title. In other respects the security interest is governed by the provisions of KRS Chapter 355.

(3) Before ownership of property subject to a lien evidenced by notation on the certificate of title may be transferred, the transferor shall obtain the release of the prior liens in his name against the property being transferred. Once a security interest has been noted on the owner's title, no subsequent title may be issued by any county clerk free of such notation unless the owner's title is presented to the clerk and it has been noted thereon, that the security interest has been discharged. If this requirement is met, information relating to any security interest shown on the title as having been discharged may be omitted from the title to be issued by the clerk.

(4) No more than two (2) active security interests may be noted upon a certificate of title.

(5) In noting a security interest upon a certificate of title, the county clerk shall ensure that the certificate of title bears the lienholder's name, mailing address and zip code, the date the lien was noted, the notation number and the county in which the security interest was noted. The clerk shall obtain the information required by this subsection for notation upon the certificate of title from the title lien statement described in KRS 186A.195 to be provided to the county clerk by the secured party.

(6) In lieu of any and all fees prescribed by statute and for all the costs incurred in the notation and discharge of a security interest on the certificate of title, the county clerk shall receive ten dollars and fifty cents ($10.50) of which seven dollars and fifty cents ($7.50) shall be retained by the clerk and three dollars ($3.00) transmitted to the state treasurer. The fee prescribed by this subsection shall be paid at the time of submittal of the title lien statement described in KRS 186A.195.

(7) A copy of the application, certified by the county clerk, indicating the lien will be noted on the certificate of title shall be forwarded to the lienholder.

SB 329, AN ACT relating to judicial retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.360 is amended to read as follows:

(1) Each judge of the District Court in office on July 1, 1978, may within thirty (30) days after that date, and any judge or justice of any court entitled to be a member thereafter taking office may within thirty (30) days after taking office, elect to make monthly contributions to the retirement system in an amount equal to five percent (5%) of his monthly official salary. The election shall be effective to establish membership in the system as of July 1, 1978, or as of the date the judge or justice took office, as the case may be. The election shall be addressed to and filed with the secretary of the Finance and Administration Cabinet, and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to five percent (5%) of the monthly salary, as a voluntary contribution by the member towards the funding of the retirement system.

(2) A judge or justice entitled to elect membership in the retirement system who failed to elect membership within thirty (30) days after taking office in 1980 may elect membership not later than August 31, 1990. An [~~Such~~] election, upon being made ***pursuant to this section,*** shall operate to create an inviolable contract between ***the*** [~~such~~] member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 21.350 to 21.510.

(3) When any judge makes a delayed election of membership in the Judicial Retirement Plan, under subsection (2) of this section his active membership in the Kentucky Employees Retirement System shall terminate, as of the date his membership in the Judicial Retirement Plan becomes effective, and any credit in the Kentucky Employees Retirement System, earned for service as a judge, which he then has or which he subsequently regains while being an active member of the Judicial Retirement Plan, shall be transferred to and counted as service credit in the Judicial Retirement Plan, and shall no longer constitute credit in the Kentucky Employees Retirement System except for the purpose of validating any other credit in that

system. However, any credit he then has in the Kentucky Employees Retirement System, earned for service in any capacity other than a judge, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service. When credit is transferred from the Kentucky Employees Retirement System to the Judicial Retirement Plan, the Kentucky Employees Retirement System shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the Kentucky Employees Retirement System in effect at the time the contributions were made, compounded annually at that same interest rate.

(4)[~~(2)~~] Membership and benefit rights for judges and justices (other than judges of the District Court), and for the commissioners and administrative director, who took office prior to July 1, 1978, shall be dependent upon valid elections having been made under this section (and KRS 21.355 and 21.365) prior to the 1978 amendment to this section. The terms of such elections, including the contribution rate, shall continue to govern for the duration of the member's service.

(5)[~~(3)~~] When any judge of the District Court in office on July 1, 1978 elects membership in the Judicial Retirement System in accordance with this section, his membership in the Kentucky Employees Retirement System shall terminate as of July 1, 1978 and any credit in that system he earned for service as a judge of the district court shall be nullified; provided that the effect of such service to validate any other service credit in that system shall not be nullified.

(6)[~~(4)~~] The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). The picked up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employee contribution, and the picked up employee contribution shall be in lieu of an employee contribution. The state shall pay these picked up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 21.345 to 21.570 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

(7)[~~(5)~~] An election once made under this section, either to participate or not to participate in the Judicial Retirement Plan, shall be considered to apply, to all future service in any office covered by the plan, whether such service is in the same or a different office, and whether or not it is continuous.

The Committee on Transportation reported **SB 158**, **SB 183**, **SB 306**, **SB 309**, **SJR 13**, **SJR 85** and **HCR 207** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

(b) The period shall be one (1) year, if the person's driving record shows one (1) alcohol or substance related enforcement contact during the immediately preceding five (5) years;

(c) The period shall be two (2) years, if the person's driving history record shows two (2) or more prior alcohol or substance related enforcement contacts during the immediately preceding five (5) years.

(4) In order to be reinstated to the privilege of operating a motor vehicle following revocation periods of subsections (2)(a) and (3)(a) of this section, the person shall have completed an alcohol or substance abuse treatment or education program in accordance with KRS 189A.040, and shall pay a license reinstatement fee of fifteen dollars ($15) to the cabinet in addition to any other fees required by statute.

(5) For purposes of this section, "alcohol or substance related enforcement contacts" shall mean any revocation under this Act, any suspension or revocation entered in this or any other state for refusal to submit to chemical testing under an implied consent law, and any conviction, suspension or revocation in this state or any other state for a violation which involves operating or being in control of a motor vehicle while having an unlawful alcohol concentration, or while under the influence of alcohol or other substance that may impair one's driving ability, or any combination of alcohol and such substance.

(6) If a license or privilege to operate a motor vehicle is revoked under this section and the person is also convicted of a violation of KRS 189A.010(1), arising out of the same occurrence, both the revocation under this section and the revocation pursuant to KRS 189A.070 shall be imposed. The periods of revocation shall run or be deemed to run concurrently, so that the total suspension shall not exceed the longer of the two (2) suspensions.

SECTION 11. A NEW SECTION OF KRS CHAPTER 189A IS CREATED TO READ AS FOLLOWS:

(1) Any person who has received a notice of revocation may make a written request for an administrative hearing, which request shall be filed within ten (10) days of receipt of the notice of revocation. The request shall be made on the form designated by the cabinet, which shall be attached to the notice of revocation. At the time of the filing of the request for review, the requesting person shall pay a hearing fee as established by the cabinet. If the person's driving license has not been previously surrendered, it must be surrendered at the time the request for hearing is made. The request for hearing shall be deemed filed on the date of the postmark of the mailing of the request for hearing to the cabinet, at its designated office, or on the date which the request is hand delivered to the office designated by the cabinet. Filing of the request for hearing does not stay the license revocation.

(2) The hearing shall be scheduled to be held as quickly as practicable within not more than twenty-five (25) days of the receipt by the cabinet of the request for a hearing. The hearing shall be held at a place designated by the cabinet as close as practicable to the place where the offense occurred, unless the parties agree to a different location. The cabinet shall provide a written notice of the time and place of the hearing to the party requesting the hearing, at least ten (10) days prior to the scheduled hearing, unless the parties agree to waive this requirement.

(a) The cabinet, upon its own motion or the motion of the person requesting the hearing, for good cause, may reschedule the hearing one (1) time to a date not more than thirty-five (35) days after the receipt of the request for a hearing. If the hearing is rescheduled at the request of the cabinet, the cabinet shall extend the temporary license for a period equal to the length of the continuance but not more than ten (10) days. If the hearing is rescheduled at the request of the person requesting the hearing, then no extension of the temporary license shall be granted.

(3) The hearing officer shall be an authorized representative designated by the secretary of the cabinet. The presiding hearing officer shall have authority to administer oaths and affirmations; to examine witnesses and take testimony; to receive relevant evidence, including exhibits; and to regulate the course and conduct of the hearing. The hearing officer shall make a written recommendation on the issues of fact and law to the secretary or his designee.

(4) The cabinet may issue subpoenas for any person with information relevant to the hearing. Any person who fails without good cause to appear pursuant to a valid subpoena issued and served by the cabinet shall be subject to:

(a) An administrative fine for the purpose of reimbursing the cabinet its expenses. The fines shall be assessed by the cabinet and shall not exceed the cost to the cabinet to schedule and hold the hearings; or

(b) Contempt proceedings which shall subject the subpoenaed parties to powers of the court to compel

his attendance. Contempt proceedings may be filed in Franklin Circuit Court upon verified complaint by the cabinet.

(5) The cabinet or the person on whose behalf the hearing is being held may have witnesses subpoenaed. The person shall bear the cost of all witnesses subpoenaed. The hearing officer may, at his discretion, hold the hearing by telephonic conference or receive the testimony of any witness by telephonic conference.

(6) The scope of the hearing shall be limited to the issues of:

(a) Whether the person was advised of the implied consent law as required by Section 5 of this Act; and

(b) Whether the law enforcement officer requested the person or persons to take the test or tests pursuant to Section 3 of this Act; and

(c) Whether the law enforcement officer had reason to believe that the person was driving or in actual physical control of a motor vehicle in violation of KRS 189A.010(1); and

(d) Whether the person refused to submit to the testing as provided in Section 5 of this Act; and

(e) Whether a properly administered test or tests disclosed an alcohol concentration of 0.10 percent (1/10%) or more; and

(f) Whether the person has been charged with violation of KRS 189A.010(1).

(7) The hearing shall be recorded. A decision shall be made by the secretary or his designee, based upon review of the written recommendations of the hearing officer and shall be in writing. A copy shall be mailed to the person who requested the hearing and his attorney, if he is represented at the hearing, within ten (10) days of the date of the hearing.

(8) If the person on whose behalf the hearing was scheduled fails to appear without just cause, the right to a hearing shall be waived and the revocation shall be final.

SECTION 12. A NEW SECTION OF KRS CHAPTER 189A IS CREATED TO READ AS FOLLOWS:

(1) Within twenty (20) days of the issuance of the final determination of the secretary or his designee following a hearing under Section 9 of this Act, a person aggrieved by the determination shall have the right to file a petition in the Circuit Court in the county where the offense occurred, or in the Franklin Circuit Court, for judicial review.

(2) The filing of an appeal under subsection (1) of this section does not automatically stay the cabinet's revocation order. The court may grant a stay of the order only upon a motion and hearing, if requested, with notice to the cabinet, and upon a finding that there is a reasonable probability that the petitioner will prevail on the merits and that the petitioner will suffer irreparable harm if the order is not stayed.

(3) The review shall be limited to the record of the hearing, without taking additional testimony. If the court finds the cabinet exceeded its constitutional or statutory authority, made an erroneous interpretation of the law, acted in an arbitrary and capricious manner, or made a determination which is unsupported by the evidence in the record, the court may reverse the cabinet's determination or remand the case to the cabinet for reconsideration in conformity with this Act.

(4) The petitioner shall pay the cost of preparing the transcript of the administrative hearing.

Section 13. KRS 189.520 is amended to read as follows:

(3) In any criminal prosecution for a violation of [~~KRS 189A.010 or~~] subsection (1) of this section, wherein the defendant is charged with having operated a vehicle while under the influence of intoxicating beverages, the amount of alcohol in the defendant's blood as determined at the time of making an analysis of his blood, urine, breath or other bodily substance, shall give rise to the following presumptions:

(a) If there was 0.05 percent (5/100%) or less by weight of alcohol in such blood, it shall be presumed that the defendant was not under the influence of intoxicating beverages;

(b) If there was more than 0.05 percent (5/100%), but less than 0.10 percent (1/10%) by weight of alcohol in such blood, such fact shall not constitute a presumption that the defendant either was or was not under the influence of intoxicating beverages, but such fact may be considered, together with other competent evidence, in determining the guilt or innocence of the defendant;

(c) If there was 0.10 percent (1/10%) or more by weight of alcohol in such blood, it shall be presumed that the defendant was under the influence of intoxicating beverages.

(4) The provisions of subsection (3) of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the defendant was under the influence of intoxicating beverages.

[~~(5) No person may be compelled to submit to any test specified in subsection (3) of this section, but his refusal to submit to such test shall result in revocation of his license as provided in KRS 186.565(3).~~

~~(6) Only a physician, registered nurse or qualified medical technician, duly licensed in Kentucky, acting at the request of the arresting officer can withdraw any blood of any person submitting to a test under this section or KRS 186.565.~~

(2) If the person convicted of any offense named in subsection (1) of this section is not the holder of a license. the cabinet shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license. the cabinet shall forthwith cancel it.

(3) The cabinet upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle for a violation of subsection (1)(a) of this section shall be for a period of not less than five (5) years. Revocations or denials under this section shall not be subject to any lessening of penalties authorized under any other provision of this section or any other statute.

(5) In all other cases, the revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person

has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the cabinet, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520(1) or KRS 244.085(5) as relates to instances in which a driver's license or fraudulent driver's license was the identification used or attempted to be used in the commission of the offense, who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such ***alcohol or substance abuse*** [~~driver's~~] education ***or treatment*** program as the cabinet shall require. Successful completion of the school shall reduce the period of operator's license suspension from six (6) months to ***ninety (90)*** [~~thirty (30)~~] days as specified in KRS 189A.070(1)(a). The Cabinet ***for Human Resources*** shall permit driver's education programs approved by the Cabinet ***for Human Resources*** to offer a nine (9) hour driver's education program which may be completed in one (1) day and which shall satisfy the provisions of this section.

(7) License suspensions and revocations under KRS 189A.060, 189A.070, and 189A.080 shall be in addition to any other license revocation authorized by law or regulation. The powers of the Transportation Cabinet to revoke a license or lengthen the period of revocation shall not be affected by KRS Chapter 189A.

If an amendment of a charge of violation of KRS 189A.010 is granted the court shall record its reasons in the record of the case.

SB 306, AN ACT relating to boats and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186A.196 is amended to read as follows:

Such security interests shall be considered perfected as of the date of tender of the motor vehicle ***or title*** lien statement or financing statement as the case may be. A security interest evidenced by a lien noted on a Kentucky certificate of title, which was perfected by filing a financing statement under Article 9 ***of*** KRS Chapter 355, remains perfected without the requirement of filing a continuation statement under KRS 355.9-403.

(2) Notwithstanding any provision of KRS 186A.190, any security interest in a motorboat which was perfected by filing a financing statement under Article 9 of KRS Chapter 355 before January 1, 1990, remains perfected even though no Kentucky certificate of title relating to the motorboat has been issued, or a Kentucky certificate of title relating to the motorboat is outstanding which does not note the existence of the security interest. Any security interest which remains perfected by operation of this paragraph shall not remain perfected beyond the date that the filing of a continuation statement would be required under KRS 355.9-403, unless, prior to or upon the date, an application for the issuance of a Kentucky certificate of title on the property, with the valid lien representing the security interest noted thereon, has been made pursuant to KRS 186A.197.

Section 2. KRS 186A.197 is amended to read as follows:

The security interest represented by the lien shall be considered perfected as of the original date of filing of the title lien statement or financing statement.

(2) Notwithstanding the provisions of KRS 355.9-403, no continuation statement shall be filed under KRS 355.9-403 for security interests in property eligible to be titled through issuance of a Kentucky certificate of title, but for which no Kentucky certificate of title has been issued. The secured party or debtor shall apply for the issuance of a Kentucky certificate of title on such property, with the valid lien representing the security interest noted thereon, prior to or upon the date that the filing of a continuation statement would be required under KRS 355.9-403. The department may, no later than eighteen (18) hours after the receipt of notice, prohibit said trip if, because of temporary or special conditions, an unreasonable risk of accident or unreasonable impedence of the flow of traffic would be created.

An annual permit to transport poles or pipe which are fifty-five (55) feet or less in length shall cost one hundred dollars ($100). An annual permit to transport poles or pipe which are more than fifty-five (55) feet in length shall cost three hundred fifty dollars ($350). The Department of Highways may prescribe the use of escort vehicles, and the permit holder shall notify the Department of Highways of each trip or series of trips to be made. The department may cancel or reroute the trip if an unreasonable risk of accident or impedance of the flow of traffic could be created.

2. An annual overlength permit may be issued for a straight truck capable of transporting utility poles or pipe on a specially designed pole rack mounted on the body of the truck if the pole or pipe length exceeds forty-five (45) feet. SCR 3, A CONCURRENT RESOLUTION urging the legislatures of the several states to enact legislation requiring their public schools to display copies of the Bill of Rights of the Constitution of the United States of America in commemoration of the bicentennial anniversary of its adoption.

WHEREAS, the framers of the Constitution of the United States of America in 1787 envisioned a tripartite form of government with opportunities for citizenry self-governance and redress and that form of government has remained vital throughout the document's existence, despite changing social and economic conditions; and

WHEREAS, the Constitution of the United States of America is the fundamental law of our Nation and has a direct impact on our daily lives; and

WHEREAS, the Bill of Rights of the Constitution of the United States of America embodies the fundamental freedoms and individual liberties that we, as Americans, cherish; and

WHEREAS, the year 1991 marks the 200th anniversary of the states' ratification of the Bill of Rights of the Constitution of the United States of America and its permanent inclusion therein; and

WHEREAS, public schools have the responsibility to educate students in the historical roots of American life and to inculcate them with those values and principles essential to democratic living;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. That the General Assembly of the Commonwealth of Kentucky urges the legislatures of the several states to follow its lead and enact legislation requiring that a copy of the Bill of Rights, embodying the individual liberties safeguarded by the Constitution of the United States of America, be prominently and permanently displayed in each public elementary and secondary school classroom within their respective states at some time during the 1990-1991 school year in celebration of the bicentennial anniversary of its ratification.

Section 2. That a copy of this resolution be sent to the presiding officers of each legislature of the several states.

SJR 44, A JOINT RESOLUTION supporting full formula funding of state-supported higher education and expansion of nursing education programs.

WHEREAS, the Kentucky Coalition on Availability of Nurses representing the largest nursing organizations and major health care employers in the Commonwealth acknowledges the 1989 ***Report of the Governor's Interdisciplinary Task Force on Nursing*** and recognizes there is a clearly documented critical shortage of licensed nurses throughout the Commonwealth of Kentucky; and

WHEREAS, the nursing personnel shortage if allowed to persist will adversely affect the quality of health care delivery in Kentucky; and

WHEREAS, the current demand for nurses prepared in Kentucky at various educational levels, including Practical, Associate Degree, Baccalaureate, and Master's, is exceeding the current supply in all sectors of Kentucky's health care system; and

WHEREAS, in view of the current nursing personnel shortage especially in regard to the dearth of faculty with a Master's Degree in Nursing, the Kentucky Board of Nursing recently approved action delaying the implementation of a 1990 requirement that nursing education faculty in Kentucky have a Master's Degree in Nursing; and

WHEREAS, the nursing education system in the Commonwealth is committed to increasing program enrollments if resources are made available; and

WHEREAS, the number of qualified applicants seeking admission to nursing programs remains high and often results in programs maintaining waiting lists and subsequently turning away many individuals meeting admission eligibility requirements; and

WHEREAS, career opportunities within hospitals, nursing homes, and various other sectors of the health care system within the Commonwealth are rapidly expanding for licensed nurses; and

WHEREAS, the solutions and opportunities for alleviating the nursing shortage are multi-faceted and rest with many organizations and entities, including the public system of vocational and higher education, independent colleges and universities, and state government; and

WHEREAS, the largest number of the Commonwealth's prelicensure programs for registered nurses are administered by the University of Kentucky Community College System and has the potential for greatest impact on increasing the supply and improving geographical distribution of newly graduated registered nurses; and

WHEREAS, Governor Wilkinson has recently identified the inequity of higher education funding to the University of Kentucky Community College System; and

WHEREAS, there is a need for a scholarship program to provide incentives for individuals to seek education and careers in nursing in the Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Kentucky Council on Higher Education budget recommendations be adopted for increasing formula funding to ninety percent during the first year of the 1990-92 biennium and one hundred percent during the second year of the 1990-92 biennium and in particular that these adjustments include funding parity for the University of Kentucky Community College System.

Section 2. That the public and private educational institutions offering nursing programs in Kentucky be encouraged to expand enrollments in the programs, including Practical, Associate, and Baccalaureate, particularly those programs administered by the University of Kentucky Community College System, in efforts to alleviate the current shortages of nurses practicing in various clinical settings.

Section 3. That public and private universities and colleges offering graduate programs in nursing be encouraged to expand to help alleviate the current shortage of nursing education faculty in Kentucky.

Section 4. That the Kentucky Coalition on Availability of Nurses and individual organizations represented by the coalition investigate the establishment of a scholarship program requiring practice in Kentucky by scholarship recipients following graduation in an effort to encourage more individuals to seek nursing education and practice in the Commonwealth.

Section 5. That the Kentucky Board of Nursing continue to diligently engage in cooperative activities with organizations, such as those represented by the Kentucky Coalition on Availability of Nurses, to support the development of innovative approaches to nursing education and nursing practice in response to current nursing personnel shortages and in preparation for the Commonwealth's future nursing personnel needs.

No working budget or salary schedule shall be approved in which the salary paid any teacher is not at least equivalent to the allotment for that rank and experience, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board for Elementary and Secondary Education shall certify such contention to the Revenue Cabinet. The cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board for Elementary and Secondary Education, and the board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1990-91 and 1991-92 in which the total amount for 185 days on the salary schedule summary for teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries under this appropriation for a 185-day school term by assuming the same rank and experience of teachers in the current year as in the preceding year in each local school district.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the chief state school officer. The State Board for Elementary and Secondary Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the chief state school officer.

Any undistributed balance in the Support Education Excellence in Kentucky fund at the end of the fiscal years 1990-91 and 1991-92 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the Support Education Excellence in Kentucky Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et seq. If the required expenditures exceed these estimates, the secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase of the total appropriation to the Support Education Excellence in Kentucky Program is subject to Part III, General Provisions, of this Act, and the provisions of KRS Chapter 48.

In the event that any authorized capital construction and/or major equipment projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the subheading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between regular sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Projects and Bond Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the secretary of Economic Development Cabinet is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the secretary of Economic Development Cabinet. The criteria shall include, but not be limited to, such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriation act. 3) Project selection shall be documented when presented to the secretary of finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Economic Development Cabinet to the next regularly scheduled Capital Projects and Bond Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Fire and Life Safety, and Asbestos Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART III

GENERAL PROVISIONS

1. Restricted agency funds designated in the biennial appropriations acts are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the appropriations acts. Appropriations out of restricted agency funds in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments and other miscellaneous receipts produced or received by an agency or budget unit of the state government, except as otherwise specifically provided, for the use and benefit of each agency or budget unit for the purposes for which each restricted agency fund or account is authorized. Restricted agency funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made as provided in Part I. All receipts of restricted agency funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48. Appropriations out of federal funds in this Act shall include federal subventions, grants, contracts or other federal funds received, income from investments and other miscellaneous federal receipts received by an agency or budget unit of the state government, except as otherwise provided, for the use and benefit of each agency or budget unit for the purposes for which each fund account is authorized. Federal funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made as provided in Part I. All federal funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48. If receipts received or credited to any restricted agency funds account or federal funds account during fiscal year 1990-91 or fiscal year 1991-92, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed the appropriation made by specific sum to said account as provided in Part I of this Act for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said fiscal year only upon compliance with the conditions and procedures specified in this Act and with the authorization of the state budget director of the Governor's Office for Policy and Management and approval of the secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all restricted agency funds or federal funds without limitation. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use and source, and such documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with the provisions of this Act. Except as otherwise provided in this Act, the appropriate agency or budget unit may requisition for expenditure from the restricted agency funds account or the federal funds account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1991, and during the fiscal year ending June 30, 1992, all receipts placed to the credit of respective funds accounts for such year, out of which has been established a restricted agency funds account or federal funds account for each separate agency or budget unit during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each agency or budget unit, other than institutions of higher education, shall submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management and the Legislative Research Commission documentation of restricted agency funds and federal funds for each budget unit showing estimated receipts and estimated expenditures, a comparative statement of any revised estimated receipts and proposed expenditures with sums specified in the enacted Executive Budget and statements which explain the necessity, use and purpose for

the occurrence of such variances. No unbudgeted appropriation shall be allotted without prior review and action by the Interim Joint Committee on Appropriations and Revenue. Any request for allotment of unbudgeted appropriations from any fund source shall be documented in written detail by the head of the budget unit and transmitted simultaneously to the State Budget Director and the Interim Joint Committee on Appropriations and Revenue. Proposed revisions to the specified appropriations sums in this Act to be authorized by the State Budget Director, or designee, shall be transmitted to the Interim Joint Committee on Appropriations and Revenue at least twenty (20) days prior to the next regular committee meeting date. The Committee shall then review the proposed expenditure of unbudgeted appropriations for conformance with the purposes of the appropriations and enacted budget, the provisions of this Act or statutes, and the statutory budget memorandum. If the Committee disapproves of the proposed revision of the enacted appropriated sum, the budget adjustment shall be invalid unless the proposed appropriation level is revised to comply with the Committee's objections, or the Committee is informed, in written detail, within 30 days by the State Budget Director that a determination has been made not to comply with the objections of the Committee. The Legislative Research Commission shall maintain records of the Committee's findings, determinations and reports of actions by the State Budget Director, and transmit these records to the General Assembly when next convened. If an emergency unbudgeted appropriation revision is required due to a declared natural disaster, calamity or impending deficit in an enacted appropriation sum as certified by the Governor, the State Budget Director is empowered to effect an emergency revised appropriation, with the approval of the Secretary for Finance and Administration and with concurrent notification to the Interim Joint Committee on Appropriations and Revenue of the action and its justification. Allotments within appropriated sums for the activities and purposes contained in the enacted budget bill and specified in the budget document may be revised upon authorization of the State Budget Director at the request of the head of a budget unit. A copy of the request and the determinations of the State Budget Director shall be transmitted to the Interim Joint Committee on Appropriations and Revenue prior to the implementation of the revision of the allotment. If a budget unit not listed in Part I receives unanticipated restricted agency fund or federal fund moneys, the secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such moneys, may authorize, upon recommendation of the Governor's Office for Policy and Management and review and action by the Interim Joint Committee on Appropriations and Revenue, the credit and expenditure of such funds for statutory purposes. The secretary of the Finance and Administration Cabinet shall cause to be established a separate discrete restricted agency funds or federal funds account, as appropriate for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The secretary of the Finance and Administration Cabinet shall provide appropriate notice pursuant to this event to the Interim Joint Committee on Appropriations and Revenue.

No state agency entitled to federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission and the State Budget Director.

2. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1990, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the secretary of the Finance and Administration Cabinet except as otherwise provided in this Act. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the secretary of the Finance and Administration Cabinet shall be final and conclusive. In administering the provisions of the executive budget bill, the secretary shall interpret provisions in this Act in conformity with the statutory budget memorandum.

3. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection and each appropriation sum by specified fund or funds accounts thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

4. The secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. The receipts and allotments under this Section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

5. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued

and repealed by this Act except as provided by Chapters 12, 42, 56, 96A, 133, 152, 177, 341, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

6. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation, legislative and executive records and the statutory budget memorandum.

7. Any General Fund or Road Fund appropriation made herein in anticipation of a lack, loss, or reduction of federal funds shall lapse to the General Fund or Road Fund respectively to the extent such federal funds otherwise become available.

8. The secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty days upon adjournment of the 1990 General Assembly, to prepare a final budget document based upon the proposed Executive Budget as enacted by the 1990 General Assembly as well as other acts which provide appropriations for the 1990-92 biennium and based upon supporting documentation and legislative records as considered by the 1990 General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

9. In the event that any authorized capital construction and/or equipment purchase projects are cancelled or if conditions imposed by this Act are not met it is the intent of the General Assembly that any appropriated General Fund or Road Fund debt service for those same projects shall remain unallotted and lapse to the credit of the respective General Fund or Road Fund Surplus Account. In the event that General Fund or Road Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the respective surplus account. The provisions of this subsection shall not be applied to the appropriations for the School Facilities Construction Commission.

10. It is the intent of the General Assembly that the secretary of the Transportation Cabinet shall use road fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the secretary of the Transportation Cabinet. However, in the event that road fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. Effective July 1, 1990, for fiscal year 1991, appropriations for executive branch agencies include $124.27 per month per eligible employee for the employers' share of health insurance costs, including benefits, program administration, and a health insurance reserve. Effective July 1, 1991, for fiscal year 1992, appropriations for executive branch agencies include $150 per month per eligible employee for the employers' share of health insurance costs, including benefits, program administration, and a health insurance reserve.

12. It is the intent of the General Assembly in furtherance of the public policy to preserve existing jobs and to alleviate and prevent unemployment in the Commonwealth of Kentucky, that funds be authorized for expenditure from the General Fund Surplus Account (KRS 48.700) not to exceed $11,902,400 in the 1990-92 biennium for a financial assistance program to retain existing business and industry. Such funds shall be made available only upon certification by the Secretaries of the Economic Development and Finance and Administration Cabinets to the Governor and the Interim Joint Committee on Appropriations and Revenue that the regular appropriations for fiscal year 1989-90, fiscal year 1990-91, and fiscal year 1991-92 are insufficient to fulfill the Commonwealth's obligations in support of the financial assistance program authorized by the General Assembly. In the event that the Governor shall affirm such certifications, the secretary of the Finance and Administration Cabinet shall approve the allocations of the required sums from the General Fund Surplus Account and the State Treasurer shall approve such payment. A copy of the certifications, and written approval of the Governor, shall be filed with the Legislative Research Commission and reported to the Interim Joint Committee on Appropriations and Revenue.

13. Pursuant to the authority conferred by Chapter 336 of the Acts of the 1988 General Assembly the level of General Fund appropriations for fiscal year 1989-90 as enumerated in KRS Chapter 47 to the budget units within the Cabinet for Human Resources which were subsequently adjusted by the secretary of the Finance and Administration Cabinet and the state budget director as recommended by secretary of the Cabinet for Human Resources as contained in the official workpapers to this Act are hereby ratified and confirmed.

14. No funds appropriated in this Act may be expended for any purpose not specifically authorized by the General Assembly in this Act nor may funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency or budget unit of state government unless specifically authorized by the General Assembly. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

15. All moneys accruing in the Lottery Trust Account under the provisions of KRS 154A.130 shall be credited to the General Fund in fiscal year 1989-90. Net proceeds from the Kentucky Lottery Corporation in each fiscal year shall be credited to the General Fund.

16. It is the intent of the General Assembly that a program of Outstanding Merit Increases (OMIs), as defined and administered by the Department of Personnel, may be granted in fiscal year 1990-91 and in fiscal year 1991-92 to as many permanent full-time classified employees employed by each Executive agency at the close of the prior fiscal year as resources will allow. Such OMIs shall be in the form of a lump sum bonus payment amounting to no less than three percent of salary and shall not become a part of the regular salary or compensation of the employee. A three percent lump sum bonus payment may also be provided to permanent full-time unclassified employees whose service credit began prior to July 1, 1987.

The bonus payments may be paid from all sources of funds in the Operating Budget, Part I of this Act, excluding debt service appropriations. It is the intent of the General Assembly that such funds, as are available due to productivity savings or management efficiencies, shall be used for these payments. The Salary Improvement Fund established elsewhere in this Act shall not be used for bonus payments.

It is further the intent of the General Assembly that the authority for the issuance of bonus payments shall not be construed as altering the provisions of KRS 18A.355. Also, no reduction in the employment complement shall be mandated to provide for the lump sum bonus payments.

17. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless such executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1990 General Assembly. If any executive reorganization order issued from sine die adjournment of the 1988 Regular Session to sine die adjournment of the 1990 Regular Session is not confirmed by the 1990 General Assembly, the Secretary of Finance and Administration is empowered and directed, in consultation with agency heads and with notification to the Legislative Research Commission, to transfer the balance of funds for any affected program or function for fiscal year 1989-90 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to such reorganization action or in which it was placed by action of the 1990 General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

18. Any appropriation in this Act and any other enactment by the 1990 General Assembly which contains an appropriations provision for the same purpose and amount shall be construed as duplicate sums and no additional moneys shall be provided for the duplicate appropriations. Questions of interpretation of such duplicate appropriations shall be determined as provided in this Act.

19. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $40,000,000 for fiscal year 1990-91 and $50,000,000 for fiscal year 1991-92 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1990-91 fiscal year or the 1991-92 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act if there be insufficient moneys in the General Fund Surplus Account.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The secretary of the Finance and Administration Cabinet shall, before any allotment or expenditure from the Budget Reserve Trust Fund is authorized provide written notice to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1990-91 fiscal year shall not lapse, but shall continue into the 1991-92 fiscal year.

20. The State Employee Salary Equity Fund is established. There is appropriated from the General Fund $8,000,000 in fiscal year 1990-91 and $16,500,000 in fiscal year 1991-92. An equivalent annual salary increase shall be awarded for each permanent full-time employee in the job classes in the budget memorandum according to the following schedule effective September 1 in each fiscal year: (1) employees in grade two (2) through nine (9) - $1,000 per eligible employee on September 1, 1990, and an additional $500 per eligible

employee on September 1, 1991; employees in grade ten (10) through seventeen (17) - $600 per eligible employee on September 1, 1990, and an additional $400 per eligible employee on September 1, 1991. These funds shall be in addition to the annual salary increment provided in this Act. Salary equity funds shall be supplemented or supplanted where unobligated restricted agency funds, federal funds, Road Fund or General Fund resources are determined to be available by the Governor's Office for Policy and Management for this purpose. Non-General Fund moneys shall be used wherever possible. The State Budget Director and Personnel Commissioner shall implement this provision and inform the Interim Joint Committee on Appropriations and Revenue on its implementation on a timely basis.

Pursuant to KRS 48.130, there is hereby established a General Fund Budget Reduction Plan for state government for fiscal year 1990-91 and fiscal year 1991-92. Direct services and obligations essential to the minimum level of constitutional functions are exempted from the requirements of this Plan.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 159 IS CREATED TO READ AS FOLLOWS:

(1) When a student, age sixteen (16) or seventeen (17) drops out of school or is declared to be academically deficient, the school administrator or his designee shall notify the superintendent of schools of the district in which the student is a resident or is enrolled. The reports shall be made at the end of each semester but may be made earlier in the semester for accumulated absences. A student shall be deemed to have dropped out of school when he has nine (9) or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. A student shall be deemed to be academically deficient when he has not received passing grades in at least four (4) courses in the preceding semester. The local school board shall adopt a policy to reflect a similar standard for academic deficiency for students in alternative, special education, or part-time programs.

(2) Within ten (10) days after receiving the notification, the superintendent shall report the student's name and Social Security number to the Transportation Cabinet. As soon as possible thereafter, the cabinet shall notify the student that his operator's license, permit or privilege to operate a motor vehicle has been revoked or denied and shall inform the student of his right to a hearing before the District Court of appropriate venue to show cause as to the reasons his driver's license should be reinstated. Within fifteen (15) days after this notice is sent, the custodial parent, legal guardian, or next friend of the student may request an ex parte hearing before the District Court. The student shall not be charged District Court filing fees. The notification shall inform the student that he is not required to have legal counsel. Revocation under this subsection shall not be permitted unless the local school district shall operate an alternative education program approved by the Department of Education designed to meet the learning needs of students who are unable to succeed in the regular program.

(3) In order for the student to have his license reinstated, the court shall be satisfied that the license is needed to meet family obligations or family economic consideration which if unsatisfied would create an undue hardship or that the student is the only licensed driver in the household or the student is not considered a dropout or academically deficient pursuant to this section. If the student satisfies the court, the court shall notify the cabinet to reinstate the student's license at no cost. The student, if aggrieved by a decision of the court issued pursuant to this section, may appeal the decision within thirty (30) days to the Circuit Court of appropriate venue. A student who is being schooled at home shall be considered to be enrolled in school.

(4) A student who has had his license revoked under the provisions of this section may reapply for his driver's license as early as the end of the semester during which he enrolls in school and successfully completes the educational requirements. He shall provide proof issued by his school within the preceding thirty (30) days that he is enrolled and is not academically deficient.

Section 2. KRS 186.440 is amended to read as follows:

An operator's license shall not be granted to:

(1) Any person under the age of sixteen (16);

(2) ***Any person under the age of eighteen (18) who has not graduated from high school or who is not enrolled and successfully participating in school or who is not being schooled at home, except those persons who satisfy the District Court of appropriate venue pursuant to Section 1(3) of this Act that revocation of their license would create an undue hardship. Persons under the age of eighteen (18) shall present proof of complying with the requirements of Section 1 of this Act;***

(3) Any person whose operator's license has been suspended, during the period of suspension;

(4)[~~(3)~~] Any person whose operator's license has been revoked, nor to any nonresident whose privilege of exemption under KRS 186.430 has been refused or discontinued, until the expiration of the period for which the license was revoked, or for which the privilege was refused or discontinued;

(5)[~~(4)~~] An habitual drunkard or drug addict;

The fee shall be paid by certified check or money order payable to the state treasurer to be credited to a trust and agency fund to be used in defraying the costs and expenses of administering a driver improvement program for problem drivers. The provisions of this subsection shall not apply to any person whose license was suspended for failure to meet the conditions set out in KRS 186.411 when, within one (1) year of suspension, the driving privileges of such individuals are reinstated ***or to any student who has had his license revoked pursuant to Section 1 of this Act***.

Section 3. KRS 186.450 is amended to read as follows:

(1) Any person who, except for his lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a permanent operator's license, may make application for and obtain an instruction permit, to be issued by the circuit court clerk in the county of the applicant's residence, and such permit shall be valid for not more than six (6) months. An applicant for relicensing after revocation shall pay the clerk a fee of twenty-five dollars ($25). The twenty-five dollar ($25) fee shall not apply to any person whose license was suspended for failure to meet the conditions described in KRS 186.411 when, within one (1) year of suspension, the driving privileges of such individuals are reinstated ***and persons reinstated pursuant to Section 1 of this Act***. The permit holder shall have this permit in his possession and be accompanied by a licensed operator occupying the seat beside the operator at all times while operating a motor vehicle upon the highway.

(2) Any person who, except for his lack of instruction in operating a motorcycle or moped, would otherwise be qualified to obtain a permanent motorcycle operator's license, may make application for and obtain an instruction permit, to be issued by the circuit court clerk in the county of the applicant's residence, and such permit shall be valid for not more than six (6) months. The permit holder shall have this permit in his possession at all times while operating a motorcycle upon the highway.

(3) The clerk, after determining that the applicant has fully complied with the laws governing the issuance of instruction permits shall, upon the request of the applicant, issue a permanent moped license. Any valid motor vehicle operator license may also be used in the operation of a moped.

(4) Any applicant for a permit who is under the age of eighteen (18) who has not graduated from high school shall provide proof issued by his school within the preceding thirty (30) days that the applicant is currently enrolled or has been enrolled in the prior semester of school and is not or has not been found academically deficient. In the case of a student being schooled at home, a statement from his parent or guardian that he is being schooled at home and is not academically deficient shall be provided.

Section 4. KRS 186.470 is amended to read as follows:

(1) The application of any minor under the age of eighteen for an operator's license, motorcycle operator's license or any instruction permit shall not be granted unless the application is signed by a parent or legal guardian of the applicant. Regardless of which parent signs the application, both parents shall be responsible as provided in KRS 186.590. If the minor has no father, mother or guardian, an operator's license or instruction permit shall not be granted to the minor unless his application is signed by a person willing to assume the obligation imposed by KRS 186.590 upon a person signing the application of a minor. Such a signature need not be required in the case of the renewal of a minor's license but the signature on the original application shall continue to make the parent, guardian or other person liable under the provisions of KRS 186.590 on all renewals of the minor's license until he reaches the age of eighteen unless the license, or any renewal thereof, is canceled as provided in subsection (2) of this section.

(2) A parent or a guardian of a minor applicant may file with the cabinet a verified written request that the license of the minor be canceled. Thereupon the license of the minor shall be canceled and the person who signed the application shall be relieved as to subsequent acts of the minor from the liability imposed by subsection (1) of KRS 186.590.

(3) The cabinet upon receipt of satisfactory evidence of the death of the person who signed the application of a minor for a license shall have the license canceled and no new license shall be issued to the minor until a new application, signed and verified, is made as required by this section.

(4) Any applicant for an operator's license who is under the age of eighteen (18) who has not graduated from high school shall provide proof issued by his school within the preceding thirty (30) days that the applicant is currently enrolled or has been enrolled in the prior semester of school and is not or has not been found academically deficient. In the case of a student being schooled at home, a statement from his parent or guardian that he is being schooled at home and is not academically deficient shall be provided.

Section 5. KRS 186.560 is amended to read as follows:

(1) The cabinet shall forthwith revoke the license of any operator of a motor vehicle upon receiving record of his conviction of any of the following offenses:

(a) Murder or manslaughter resulting from the operation of a motor vehicle;

(b) Driving a vehicle which is not a motor vehicle while under the influence of alcohol or any other substance which may impair one's driving ability;

(c) Perjury or the making of a false affidavit under KRS 186.400 to 186.640 or any law requiring the registration of motor vehicles or regulating their operation on highways;

(d) Any felony in the commission of which a motor vehicle is used;

(e) Conviction or forfeiture of bail upon three (3) charges of reckless driving within the preceding twelve (12) months;

(f) Conviction of driving a motor vehicle involved in an accident and failing to stop and disclose his identity at the scene of the accident;

(g) Conviction of theft of a motor vehicle or any of its parts, including the conviction of any person under the age of eighteen (18) years;

(h) Failure to have in full force and effect the security required by subtitle 39 of KRS Chapter 304 upon conviction of a second and each subsequent offense within any five (5) year period; and

(i) Conviction for fraudulent use of a driver's license or use of a fraudulent driver's license to purchase or attempt to purchase alcoholic beverages, as defined in KRS 241.010, in violation of KRS 244.085.

(2) If the person convicted of any offense named in subsection (1) of this section is not the holder of a license, the cabinet shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license, the cabinet shall forthwith cancel it.

(3) The cabinet upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle for a violation of subsection (1)(a) of this section shall be for a period of not less than five (5) years. Revocations or denials under this section shall not be subject to any lessening of penalties authorized under any other provision of this section or any other statute.

(5) In all other cases, the revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the cabinet, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520(1) or KRS 244.085(5) as relates to instances in which a driver's license or fraudulent driver's license was the identification used or attempted to be used in the commission of the offense, who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the cabinet shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the cabinet shall forthwith revoke said operator's license for a period of six (6) months.

(6) Persons convicted of a first offense violation of KRS 189A.010 may elect to attend the driver's education program established by this section, or (at the option of the defendant) a licensed comprehensive care center education program, and no other. Attendance at the school shall not permit the retention of the operator's license. Successful completion of the school shall reduce the period of operator's license suspension from six (6) months to thirty (30) days as specified in KRS 189A.070(1)(a). The cabinet shall permit driver's education programs approved by the cabinet to offer a nine (9) hour driver's education program which may be completed in one (1) day and which shall satisfy the provisions of this section.

(7) License suspensions and revocations under KRS 189A.060, 189A.070, and 189A.080 shall be in addition to any other license revocation authorized by law or regulation. The powers of the Transportation Cabinet to revoke a license or lengthen the period of revocation shall not be affected by KRS Chapter 189A.

(8) In order to secure the reinstatement of a license to operate a motor vehicle or motorcycle restored following a period of suspension or revocation pursuant to KRS 189A.060, 189A.070, and 189A.080 the person whose license is suspended or revoked shall comply with the fees and other procedures of the Transportation Cabinet with regard to the reinstatement of suspended or revoked licenses.

(9) Any person or legal entity that seeks to offer, conduct or operate a driver's education program as provided in this section shall submit sufficient documentation to the cabinet in writing that such program is needed in the geographical area that is proposed to be served. The cabinet shall promulgate administrative regulations which specify what constitutes need for such programs in a given geographical area. The cabinet shall determine whether such need is shown to exist and shall establish by administrative regulation an appeals procedure. The provisions of this subsection shall not apply to any driver's education program operating with the approval of the cabinet prior to July 15, 1986.

(10) The cabinet shall revoke the license of any operator of a motor vehicle upon receiving notification that the person is under age eighteen (18) and has dropped out of school or is academically deficient, as defined in Section 1(1) of this Act.
